Failure Causes Bank Closing.
Pittsburgh, May 9.—The failure
of a coal and sewer pipe concern at
Ohio is said to be the immediate cause
of the closing of the Columbia Savings
and Trust Company today. It is al-
leged the bank financed the concern.

PHILADELPHIA, May 9.—Charged
with having embezzled more than
\$100,000 from his employers, Ed-
win S. Greenfield, head clerk of the
banking and brokerage firm of Har-
rison, Snyder & Son, of this city, was
arrested here today and held in \$10,000
bail by a police magistrate for a fur-
ther hearing tomorrow. In default of
bail, he was sent to the county prison.
Greenfield has made a full confession
and is doing everything possible to
assist the firm in straightening out its
tangled books.

Following the public announcement
of the embezzlement, creditors filed a
petition in bankruptcy against George
E. Snyder, trading as Harrison, Snyder
& Son, in the United States Court,
and later Judge McPherson appointed
Charles N. Vollum receiver.

Greenfield is about thirty years of
age and has a wife and two children.
He came to the firm from the school
room and rose from office boy to the
position of head clerk and trusted rep-
resentative of the banking house.

GIVEN POWER OF ATTORNEY.
About two months ago Snyder went
to California and gave Greenfield power
of attorney to carry on his business.
He returned from the West about a
month ago and the first intimation
that something was wrong came to him
when he missed some valuable ac-
countant from his safe. It was not until
last Monday, however, that he was
able to find where they had gone.
Greenfield then broke down and con-
fessed. He admitted that he took
money at various times during the last
six years and that he lost most of it
speculating in bucket shops. He could
not give even an approximate figure as
to how much he had taken. Experts
were put to work on the accounts.
Tuesday, Greenfield was formally
placed under arrest.

Snyder and the accountants believe
the amount of money embezzled will
be much over \$125,000, and may reach
\$175,000. Snyder said the defalcation
is a hard blow for him but he feels
confident he will be able to pay his
creditors in full. He said he had
trusted Greenfield implicitly. In fact,
he practically allowed him to carry on
his entire business.

WENHAM IS LET GO.
NEW YORK, May 9.—Judge Holt, in
the United States District Court to-
day ordered the discharge from cus-
tody of Charles W. Wenham, the for-
mer steamship passenger agent of the
Canadian Pacific Railroad in Chicago.
Wenham has been for several weeks
confined in the Ludlow-street jail on a
body execution secured on a judg-
ment obtained in Chicago by attorneys
for the Canadian Pacific. The judgment
was based upon an alleged shortage in
Wenham's accounts amounting to \$28,-
000. He was lodged in jail in default
of \$40,000 bail.

LABORER'S PEACE PLEA.
LONDON, May 9.—In the House of
Commons, this evening, Henry Vivian,
Laborite, moved a resolution calling
on the government to take drastic
steps to reduce the expenditure for
armaments and to press for the in-
clusion of the question of armament
reduction by international agreement
by The Hague conference. The motion
was agreed to.

(BY DIRECT WIRE TO THE TIMES.)
PARIS, May 9.—[Exclusive
Dispatch.] All records of "long
shots" winnings were broken
today at Colombes, when the
Paris Mutuels paid 595 for 1.
The winning horse was Gelon,
who was comparatively un-
known. His owner bet 10 francs
to win and 10 francs for place,
and thus gathered in nearly
\$1200 for his \$4.

A demoiseille of uncertain age,
described as "an old habitue of

for 40 francs.

PHILIPPINE TARIFF.
WASHINGTON, May 9.—Secretary
McCoy, in a personal canvass of the
Senate, endeavored to revive
the Senate bill of Philippine tar-
iff.

He made present session
a reduction of schedules on
rice and sugar to 50 per cent.
The measure left
the Philippine Com-
mission to 25 per cent. of ex-
port duties. It was willing to
eliminate the propo-
sition of free trade with the
Philippines.

The Secretary met with much
opposition. He is not yet satis-
fied with the measure would meet with

San Francisco Has
Call on Steel.

Frank Baackes Promises the
Builders 100,000 Tons
Within a Year.

He Opines That Half of
That Amount, at Least,
Will Be Required.

Insurance Companies Say
That Adjustment Will
Proceed Rapidly.

(BY DIRECT WIRE TO THE TIMES.)
SAN FRANCISCO, May 9.—[Exclusive
Dispatch.] One hundred
thousand tons of structural steel,
to be delivered within a year and at the
prices that prevailed before the
San Francisco fire, was promised to the
local Committee on Construction, to-
day, on behalf of the United States
Steel Corporation. The promise was
made by Frank Baackes, an official of
the corporation.

"If San Francisco needs 100,000 tons
of steel within a year, it will be de-
livered," said Baackes. "In my opin-
ion, 50,000 tons will be sufficient for the
first year's operations, but the city can
have all it wants. There are no condi-
tions attaching to this offer."

Orders from San Francisco, because
of the greater needs of the city at the
present time, will be given right-of-
way over those from other places. The
price of building material will not be
increased one cent. We intend to do
all in our power to aid in the rebuild-
ing of the city, and there will be no
delay on account of the lack of material."

SUGGESTIONS TO ARCHITECTS.
Baackes's statement was received with
applause. He advanced the suggestion
to architects that they be as simple as
possible in their lines of planning, and
that they be careful as to shapes, as
complication of construction would re-
tard the forwarding of steel products.

INSURANCE ADJUSTMENT.
The subcommittee on insurance has
obtained an understanding as to what
the insurance companies propose to do.
After an exhaustive hearing, these
promises were brought forth: That the
insurance companies would treat policy
holders fairly; that no attempt
would be made to take advantage of
more quibbles or technicalities; that
losses on buildings destroyed by fire be
paid as soon as adjusted, and that the
adjustment of losses would proceed as
rapidly as possible.

It was stated by representatives of
the companies that the small losses
that have been adjusted already were
paid in first, for the reason that it was
apparent that the destruction of the
buildings was due to fire alone, little
damage having been done by the earthquake.

NEW PALACE HOTEL.
The Palace Hotel is to be rebuilt on
its original lines. At a meeting of the
Sharon estate, this was decided upon.
It is believed the Palace Hotel will be
ready to receive guests one year hence.

MODERN APARTMENT HOUSE.
One of the first of the new buildings
to be completed in the city will be a
\$100,000 apartment house on the south
side of Post street, near Jones. George
Robins had ordered the construction of
this building before the earthquake
came, and the foundation has already
been laid. Work upon the balance
of the structure is already under way,
and it will be the first modern apart-
ment house to rise from the ruins. It
will be six stories high.

STOVER.
District Attorney at Boston Will Sum-
mon Entire Legislature for Anti-
Buckshot Investigation.

(BY THE ASSOCIATED PRESS—P.M.)
BOSTON, May 9.—Following the de-
feat of the Anti-Buckshot Bill in the
House branch of the Legislature
recently, several Representatives were
allied to have asserted outside the
House that they were offered money
to vote against the measure. Today,
District Attorney Moran announced
his intention of summoning before the
court the entire membership of the
Legislature in connection with the
case. Already summons have been
issued for seventy-five members of
the General Assembly.

The Anti-Buckshot Bill was
passed by the Senate, but was defeat-
ed in the House after the most
bitter contests in the history of the
General Assembly. It would have
made all "buckshot-shops," so called, il-
legal in Massachusetts.

TO CONTEST EVERY QUAKE LOSS.
CHICAGO, May 9.—It was an-
nounced today by the attorneys of the
receiver of the Traders' Insurance Com-
pany, which suspended a few days ago
because of losses at San Francisco,
that every loss by the earthquake in
San Francisco will be contested in the
courts. It is particularly desired to
determine the amount of loss inflicted
by the earthquake and the damage
done by the fire. The attorneys say
that it is impossible at the present
time to give an estimate of how large
a percentage of the losses will be paid.

SHANNON STOCK'S FUTURE.

New Investors Believe the Mine Cap-
able of Producing Eighteen Mil-
lion Pounds Annually.
(BY DIRECT WIRE TO THE TIMES.)
BOSTON, May 9.—[Exclusive Dis-
patch.] Interests identified with the
Arizona Commercial Company have
been buying heavily of Shannon stock
here, around \$8, and it is predicted that
the price will go to \$10 very soon and
to \$12 by early fall.

There is no present idea of a merger
of two companies, however, but stock-
holders will be asked for proxies for
the election. New interests who be-
lieve that Shannon has a future that
cannot be brought out by the present
management state that the Shannon is
capable of producing 18,000,000 pounds
of copper annually at a cost of 10
cents. The company will earn \$2 per
share for the present year.

The Arizona Commercial's rights ex-
pire tomorrow. Over half of the 10,000
new shares were taken by stockhold-
ers. The underwriters will not receive
over 30,000 shares.

MEANS MILLIONS
FOR BAY CITY.

INSURANCE COMPANIES TO PAY
FIRE LOSSES PROMPTLY.

James D. Phelan Says This Money
Will Put the People on Their Feet
and Will Be of Great Value to the
Banking Interests—Salvage Oper-
ations and Cleaning-up Can Proceed.

(BY THE ASSOCIATED PRESS—P.M.)
SAN FRANCISCO, May 9.—Financial
interest today centered in the an-
nouncement made by the companies
that in the immediate future they
would pay losses of the fire sufferers.
It is believed that most of the money
will be put into general circulation,
and when it is distributed will relieve
the people of San Francisco as no other
means could.

This news was welcome not only to
the policy holders, but also to the
banks. These have been doing their
best for the public, with the resources
at their immediate command neces-
sarily limited. The announcement was
official, to the extent that it was given
to the sub-committee of the Citizens
General Committee and duly reported
at the General Committee's daily meet-
ing. The declaration was received
with applause, news from the insur-
ance interests having been awaited
with much anxiety.

TALK WITH PHELAN.
"What will be the effect of the pay-
ment of this insurance money?" was
asked James D. Phelan, chairman of
the Finance Committee.
"Nothing could do more good," he
replied. "When the money is paid out
to the people, it will put them on their
feet. It will bring about an early re-
sumption of normal conditions. The
people want money to buy what they
need, and the payment of these many
million dollars will greatly assist the
banks in giving them money. What is
more, the circulation of the money will
be of great value to the banking in-
terests."

HELPS TO CLEAR UP.
With their announcement that losses
will soon be paid, the insurance inter-
ests have made such concessions that
salvage operations on property swept
by the flames can be proceeded with
safely. Property holders may save any-
thing they can find without fear of
risking the loss of their claims for insur-
ance.

To a great extent, the work of de-
molishing walls and clearing away
debris has been postponed because of
the doubt regarding the attitude the
insurance companies would take. The
work of contracting and wrecking com-
panies has been deferred, awaiting
such definite statement as that made
by the insurance companies to the
committee today.

SOUTHERN PACIFIC PURCHASE.
It was reported today that the South-
ern Pacific Company had purchased the
old Fontana warehouse property, lo-
cated near the water front, in the vic-
inity of Fort Mason. The place will be
used for a freight depot and freight
yards. The price paid by the railroad
for the property is said to have been
\$250,000. Eight years ago it changed
hands for \$35,000.

"TOOTHPICK BUILDING."
The 15-story uncompleted steel
frame building, popularly known as the
"Toothpick Building." It is said,
will be converted into a hotel. The
entire metal skeleton had been erected
when the fire came, but the structure,
although situated in the vicinity of
Union Square, practically escaped un-
damaged. It is stated that it is the
intention of the new owners to sheath
it with steel, something after the
fashion of a warship.

AMERICAN BOATS SEIZED.
Captains of the Raymah and Parthia
Are Accused of Fishing Within
Dominion Limits.

(BY DIRECT WIRE TO THE TIMES.)
OTTAWA (Ont.) May 9.—[Exclusive
Dispatch.] The government has just
been notified that two American ves-
sels, the Raymah, Capt. Hogan, owned
by the Atlantic Maritime Company of
Boston, and the Parthia, Capt. Seeler,
owned by Sylvanus Smith, Gloucester,
were seized off Cape North, Sydney,
B. C., by the government cruiser Can-
ada and the customs protective cruiser
Gladstone. They were brought to
Sydney.

The captains are charged with fish-
ing within the three-mile limit.

Law Gets Hold of
Sugar Trust.

Seven Indictments for Rebat-
ing and Conspiracy Are
Called in Court.

Vice-President Guilford and
Manager Pomeroy of New
York Central Bailed.

Merchants Edgar and Earle
of Detroit Given Time.
Oil Trust Case.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, May 9.—[Exclusive
Dispatch.] Under seven indict-
ments found by the April Fed-
eral grand jury for rebating con-
trary to the Elkins law and for conspiracy
against the public good, the sugar
trust, the Vanderbilt lines and two
prominent officials of the latter cor-
poration were arraigned at the bar of
justice today.

Both corporations and officials were
represented by counsel, and did not
appear in court.

GIVE \$10,000 BAIL.
Later in the day, Vice-President Na-
than Guilford of the New York Central
lines and F. L. Pomeroy, general traf-
fic manager of the same corporation,
appeared before United States Com-
missioner Shields and through a
surety company gave bail in the sum
of \$10,000 each for their appearance
in court May 21.

In view of the fact that C. Goodloe
Edgar and Edwin Earle, the indicted
wholesale sugar merchants, reside in
Detroit, they were given until May
15 to plead to the indictments.

CONSPIRACY INDICTMENT.
The most significant fact which de-
veloped at this preliminary hearing
before United States Circuit Judge
Thomas was that the first case called
was the seventh indictment, charging
conspiracy on the part of Messrs. Guil-
ford and Pomeroy of the New York
Central lines and Edgar and Earle, the
Detroit merchants.

That is the only indictment that car-
ries with conviction the penalty of
imprisonment. The sugar trust and
the Vanderbilt lines cannot be im-
prisoned, but, under the indictments,
are subject to heavy fines.

STANDARD OIL CASE.
CHARGES OF BRIBERY.
(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, May 9.—[Exclusive Dis-
patch.] The government has a rod
in pickle for the Standard Oil
Company when investigation into
rebates and other methods is taken up
here tomorrow. It was learned to-
night that witnesses had been secured who
are in a position to tell, giving all nec-
essary data, dates, amounts, etc., of
how the Standard Oil Company engaged
in wholesale bribery of railroad em-
ployees.

The amount involved is between
\$900,000 and \$1,000,000. The report
was unanimous, without undue discus-
sion. It is now Smith's task to get
the bill through the House. He wants
to call it up next session day, May
21, but will have to secure promise of
recognition from the Speaker. This
may be difficult, as the Speaker is
committed to an economical pro-
gramme, but Mr. Smith today said he
would do his best, with the backing
of the entire California delegation.

The 5 per cent. bill has been pend-
ing in Congress since 1875, being first
introduced in both branches by
Senator Fawcett and Representative
Wiginton. The measure has passed
the Senate a number of times, includ-
ing this session, on report. By and
through the efforts of Senator Flint,
a bill has been reported from the
House committee several times, but
never has passed the House, generally
lying in committee.

FLINT'S \$500,000 RESOLUTION.
(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, May 9.—[Exclusive
Dispatch.] In accordance with Sec-
retary Taft's estimate for additional ap-
propriation for relief of California fire
and earthquake sufferers, Senator
Flint today introduced a resolution ap-
propriating \$500,000 for purchase and
distribution of commissary and quar-
termaster stores and supplies for the
benefit of injured and destitute per-
sons. Instead of being passed imme-
diately, the resolution was ordered to
lie on the table, from which an effort
will be made to take it, probably to-
morrow. If this resolution passes, as
the indications are that it will, it
will make a total of \$2,000,000 directly ap-
propriated for relief purposes.

WASHINGTON, May 9.—[Exclusive
Dispatch.] The House Public Land
Committee today ordered a favorable
report on the bill giving California
5 per cent. of the proceeds of public land
sales in the State. Representative
Smith was requested to draw the re-
solution, which he will present in a day
or two.

PLAYERS, in order to crush out inde-
pendents.
A man was employed by Manager
Mayor of Kansas City, who has charge
of the distribution stations in Kansas
and Missouri, and it is said he was
entrusted with the work of buying up
information from railroad employees,
who told of orders received by inde-
pendents; of their plans for shipment in
advance, and various other details, so
that the Standard Oil Company was in a
position at any moment to take such
steps as were necessary to crush out
hopelessly cripple its small adversary.
The testimony will show, it is ex-
pected, that these railroad spies were
on strict Standard Oil payrolls at from
\$10 to \$20 a month, depending upon
how much information they could give.
F. S. Monett, former Attorney-Gen-
eral of Ohio, arrived this evening. He
has a map of the entire Standard Oil
pipe line, from the Kansas fields to the
Atlantic seaboard, which can be uti-
lized to destroy competition.

HAS MANY WITNESSES.
(BY THE ASSOCIATED PRESS—P.M.)
CHICAGO, May 9.—The Interstate
Commerce Commission will meet here
tomorrow to hear evidence from rail-
road men and independent oil refiners
in regard to the relationship between
the Standard Oil Company and certain
railroads. A large number of wit-
nesses have been subpoenaed, and it is
expected the hearing will last until
May 15. This hearing is a continua-
tion of one begun about seven months
ago in Kansas City. Many of the oil
men who will testify are from Kansas,
Ohio and Pennsylvania, some of them
being men who are said to be respon-
sible for the inquiry.

BLOW UP KAISER

**ANARCHISTS PLANNED EX-
PLO- sive for CHATEAU URVILLE.**

Emperor Is to Arrive There Friday
and a Quantity of Dynamite Is
Planned to Advance Five Dan-
gerous Foreigners Arrested at Metz,
With Papers Disclosing the Plot.

(BY DIRECT WIRE TO THE TIMES.)
BERLIN, May 9.—[Exclusive Dis-
patch.] Court officials are excited
over the discovery and frustration of
an anarchist plot to assassinate the
Kaiser.

The police of Metz today discovered
a quantity of dynamite in the Chate-
au Urville, near Metz, where the
Kaiser is booked to arrive Friday.

Five dangerous foreign anarchists
were arrested at Metz, and letters
found on them disclosed a recent an-
elaborate plot to assassinate the Em-
peror.

The police tonight tried to suppress
the news, and the Berlin papers do not
mention the subject.

The Kaiser weeks ago was warned
that a plot had been concocted to as-
sassinate him on board the liner Ham-
burg, that had been chartered by him
for a Mediterranean trip.

After this warning the Kaiser aban-
doned the contemplated journey, and
soon after a mysterious explosion oc-
curred on board the Hamburg, injur-
ing seven sailors and wrecking the of-
ficers' quarters.

The Kaiser has always scoffed at an-
archistic plots, but today's discovery
of explosives at the Chateau Urville,
supplied with the explosion on board
the Hamburg, has caused alarm.

GOOD PROSPECT FOR
CALIFORNIA'S CLAIM.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, May 9.—[Exclusive
Dispatch.] The plans for the rebuilding
of San Francisco, which are being
arranged by a committee of
bankers, have crystallized into
a concrete scheme. It is pro-
posed to form a bond and mort-
gage corporation, with a Federal
State charter with broad powers.
This corporation will issue
bonds, and from the proceeds of
the sale of the bonds the busi-
ness men of San Francisco will
be able to raise the funds to re-
construct their city.

In detail, the scheme was out-
lined today by H. S. Black,
chairman of the United States
Really Improvement Company,
who, with Frank A. Vanderlip of
this city, Senator Newlands,
Thomas Magee and Franklin
Lane of San Francisco have been
considering the best financial
plan to raise building funds.

The corporation is to have a
capital of \$10,000,000.

WASHINGTON, May 9.—[Exclusive

Committee today ordered a favorable
report on the bill giving California
5 per cent. of the proceeds of public land
sales in the State. Representative

CHINA'S INDEPENDENCE.

Customs Appointments Regarded as
London as Violating Agreement.
"Post" Expects Altruism.
(BY THE ASSOCIATED PRESS—P.M.)
LONDON, May 10.—The customs ap-
pointments of the Chinese government
are regarded here as a violation of the
agreement of February 1, 1888, between
Great Britain and China. Among other
concessions, China agreed that the post
of inspectors of customs should be held
by a British subject, so long as British
trade with China continues to exceed
that of any other power. The point,
however, is somewhat doubtful, as it is
not clear from the edict whether Sir
Robert Hart is actually to be supersed-
ed or not.

The edict is commented upon as be-
ing another significant indication of
China's determination to throw off
western tutelage.

The Morning Post, in an editorial ar-
ticle on the possibility of the next gen-
eration finding China one of the great
powers, as Japan already has become,
thinks it quite likely that when China
becomes powerful enough to shut the
door against foreigners, if she wishes
to do so, she will not exercise the
power, and when the foreigner is no
longer feared he will cease to be hated.

BAR ASSOCIATION
AND DAVE HILL.

SUB-COMMITTEE WILL INQUIRE HOW
THE EX-GOVERNOR GOT THAT ANNUAL
PLUM FROM THE EQUITABLE—HORN-
BLOWER RESIGNS FROM THE NEW YORK
LIFE BOARD OF TRUSTEES.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, May 9.—[Exclusive
Dispatch.] There will be a meeting
Friday, of the sub-committee of the
Grievance Committee of the New
York Bar Association, at which the
taking of testimony will be begun in
the investigation of the relations of
David B. Hill with the Equitable Life
Assurance Society.

What the Bar Association wants to
know is whether the annual fee of
\$5000 paid to him by the society was
for legal or political services. Hill's
retainer was cut off by Paul Morton,
soon after he assumed the presidency
of the Equitable.

It is said the proceedings will be
secret, and every effort will be made
to keep the testimony from the public
until the committee has submitted
its report.

OLD SAN FRANCISCO AND NEW CONDITIONS.

Inner Circle of Swelldom Is Now a Mart of Trade—Famous Donahue Statue as a Telegraph Pole—Sunday Dinners Cooked Outdoors.

BY HARRY C. CARR.
[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, May 9.—[Exclusive Dispatch.] Van Ness avenue, the inner circle of Swelldom, is becoming a mart of trade by reason of this crisis.

The Emporium has been brought back to life in an old-fashioned private house. The ruins of the St. Dunston, the most exclusive family hotel in the city, are now to be a lace store.

Van Ness avenue is the favorite resort of the moving-picture men, of whom there are herds. They are to be seen reared up in the front of automobiles turning the crank that makes the machine go, and frantically waving at other vehicles who get in the line of vision.

"GIANT ANT HILL."

Somehow, the smoked-out city suggests the uncovering of a giant ant hill. Rather, it suggests some gigantic intricate ant hill being smoked out, and doing business on top of the ground.

The hidden folk of a great city have come to light—people only known before this as pale girls and stooped-shouldered men, stampeding over each other in the daily rush for the ferries at sundown. All sorts of queer occupations have realized to be in existence before this, on before wondering eyes. In little cupped-up front office windows—girls working at fresh-looking addressing machines; girls who thump all day long distributing type in a cylinder that belches

FEEDING OUTDOORS.

If you ever had a family of yours burned out, relatives sleeping around on cots in your house, with all their children camped on the piano, you

San Francisco, and they can't keep them here, and they will fight rather than let them scatter.

It is a curious, interesting, even touching thing to see these people clinging to an idea—their loyalty to a city that has lost its life.

WIFE ACCUSES LABORER.

One of the "Exalted" who sit on the throne with "Pinhead" McCarthy and who will advise with that worthy as to who shall be allowed to enter the New San Francisco has fallen from grace.

In another, such conduct would be called wife-beating and attempted murder. In this Benjamin J. Calhoun, of behavior, Calhoun is in jail on his wife's complaint, in Berkeley.

She declares that Calhoun attacked her with a bread knife in her home and attempted to cut her throat.

WANTS TO COME "HOME."

According to the woman's story Calhoun, whom she divorced six months ago because of his attentions to another woman, has been importuning her to allow him to return and assume marital relations with her for some time. She alleges he came to the Telegraph-avenue home and picked a quarrel with her, using abusive language and threatening to do her bodily harm if she did not forgive him.

Upon Mrs. Calhoun's steadfast refusal to entertain her former husband's proposal, she says he seized a bread knife and made a slash at her throat. According to her allegation, she threw up her hand to ward off the blow and received a deep cut across the wrist. Then Calhoun struck her a heavy blow across the mouth with his fist, she asserts, and left the house.

CALHOUN ARRESTED.

After the swearing to the warrant, Calhoun was arrested late this afternoon. He is a deputy Sheriff of Alameda county and prominent in labor councils.

"LET 'EM HOLLER."

Some of Pinhead's tribe show signs of internal dissension. One of the big employing painters who hires none but union men, was scattering his confidence abroad, today, coming in on an Adams Point car.

"My men," he said, "will be about the last to get their jobs back, painting being, of course, the last thing to be done."

GIVING ROADS TIME TO DIG.

Two Years' Grace Before the
Coal Production Stops.

Various Modifications Sought
for Elkins's Idea.

Amendments to Rate Bill Still
Before the Senate.

(BY THE ASSOCIATED PRESS—P.M.)

NEW YORK, May 9.—(Exclusive Dispatch.) The steps taken by the administration in anti-trust proceedings are as follows:

- Suit to enjoin the drug trust.
- Suit to enjoin the tobacco trust.
- Suit to enjoin the Northwestern paper trust.
- Suit against rebates by private cars from the Pabst Brewing Company.
- Suit to enjoin the elevator trust.
- Suit to abolish the monopoly of the St. Louis Bridge and Terminal Company.
- Suit to punish for rebates given to the sugar trust.
- Contemplated suits against hard and soft coal combinations' rebates.
- Contemplated suits against the Standard Oil Company and others.
- Indictment of persons in the fertilizer trust.

WASHINGTON, May 9.—The Senate spent the greater part of the day again in consideration of the question of divorcing the production of coal and other commodities from their transportation, and closed that branch of its work by adopting a modified provision formally offered by Senator Elkins, but originally suggested by Senator McLaughlin.

There was again much sparring over parliamentary points, but there was at no time as much confusion as Tuesday, and when the coal question was finally closed, the progress was so rapid that the first section was entirely disposed of before the Senate adjourned.

Other amendments were also amended, but a long-and-short-haul provision suggested by Mr. La Follette was voted down by practically a party vote, all but two Republicans voting against the amendment.

When the Senate adjourned there was a general feeling that the rapid work of the latter part of the session presaged the early final disposition of the bill. None of the Allison compromise amendments was considered today.

(BY THE ASSOCIATED PRESS—A.M.)

WASHINGTON, May 9.—When the Senate resumed consideration of the Elkins amendment to the Rate Bill, prohibiting interstate railroads from engaging in the production of coal or other commodities, the Vice-President announced that the amendment of Senator Dryden to the Elkins provision was in order.

The Dryden amendment extended to July, 1931, the time when the provision shall go into effect. Several Senators made objection that the time suggested was too remote, and Mr. McLaughlin moved to amend the amendment, 44 to 22.

Mr. Hopkins moved to refer the entire coal-production subject, the Elkins amendment and the amendments to it to the Committee on Interstate Commerce. The motion was declared out of order, 25 to 45.

A substitute for the Elkins amendment was presented by Senator McLaughlin, but was withdrawn on a point of order.

McCUMBER SUBSTITUTE.

The McCumber substitute for the Elkins amendment introduced yesterday was next taken up.

Senator Elkins then submitted modifications to his amendment, whereupon Senator McCumber withdrew his substitute, saying the modifications rendered the Elkins amendment acceptable.

As modified, the Elkins amendment provides that the prohibition should not go into effect before May 1, 1930.

HOUSE PROCEEDINGS.

WASHINGTON, May 9.—Nearly the entire time of the House, today, was taken up by two propositions—first, whether the Navy Department should go into the open market and purchase anchors, chains and cordage, or continue to manufacture these articles in the government navy yards, as is now done, and second, whether the cost of transporting coal from Atlantic and Gulf ports to the Philippine Islands and American bottoms should be limited to \$5 or \$6 per ton.

On the first proposition, one of the prettiest legislative combats of the session occurred, the debate extending over the major portion of the session.

Representative Loud of Michigan insisted that there could be a saving of \$250,000 a year to the government, if the Navy Department was permitted to go into the free markets and purchase anchors, chains and cordage under regulation of the department.

THE OPPOSITION.

Gen. Grosvenor of Ohio and members of the Michigan and Pennsylvania delegation aided Mr. Loud in his fight, the opposition being represented by Mr. Roberts of Massachusetts, Mr. Fitzgerald of New York, Mr. McNary of Massachusetts and Mr. Rixey of Virginia.

Mr. Grosvenor offered a substitute to Mr. Loud's amendment, giving the Secretary of the Navy the right to purchase the articles above referred to in free markets, should it be demonstrated that they could be had from manufacturers cheaper than they could be made at government navy yards. This substitute was adopted, 85 to 76.

As to the second proposition, limiting the cost of transport of coal to \$5 or \$6 per ton, the efforts put forth by Mr. Fitzgerald of New York and Mr. Slayden of Texas were of no avail, al-

COLD FACTS.

1. Los Angeles is more than 400 miles away from the scene of the disturbance which has laid San Francisco in ruins, partly by earthquake shock, but chiefly by fire. Only a slight tremor was felt in Los Angeles.

2. In all the history of Southern California, extending back to the days of the Franciscan Fathers, about a century and a half, there has not been a serious earthquake in this region.

3. Los Angeles and the country around about, within a radius of one hundred miles, while it has experienced some slight "tremors," has never had, within the knowledge of man, an earthquake shock strong enough to do any damage worth mentioning; hardly enough, in point of fact, "to move a brick" (unless, indeed, the brick were just ready to be toppled over.)

4. In the entire history of California, (and that of the whole Pacific Coast,) down to the day of the San Francisco catastrophe, less injury to property and less loss of life has been inflicted by earthquakes than has often been caused by a single tornado in one of the Eastern States. And most of the damage in San Francisco was caused by fire, as noted above.

5. A disaster similar to that of San Francisco may never occur again in any part of the United States. It is as liable to occur in Boston, or New York, or Philadelphia, as on the Pacific Coast.

6. Far from being shaken or damaged by the San Francisco earthquake, Los Angeles was the first to send relief to the stricken city, sending carload after carload of supplies and thousands of dollars in money on the very day of the disaster.

though votes were had on both amendment limiting the cost.

After these propositions were disposed of, the reading of the Navy Bill was continued until the hour of adjournment without exciting debate.

COAL TRANSPORTATION.

Representative Fitzgerald of New York today offered an amendment to the bill in the Naval Appropriation Act, appropriating \$2,500,000 for the purchase and transportation of coal, limiting the freight on coal from the Atlantic and Gulf Coast to 10 cents per ton.

Mr. Fitzgerald claimed, of course, that the government's enormous amount, before the requirement that coal must be carried in American bottoms, Mr. Fitzgerald said that the cost was \$4.87 1/2 per ton, but since coal was being carried to the Philippines in American bottoms the price had gone up to \$7 per ton.

Mr. Enslager of New Jersey remarked that, in 1901, the cost had been as high as \$8 per ton.

Mr. Butler thought that the increased price was due to the fact that many of the vessels came back with small cargoes and the increased cost was made to cover the loss.

AMENDMENT BEATEN.

The amendment offered by Mr. Fitzgerald was defeated, 40, nays 58.

Mr. Slayden of Texas offered an amendment limiting the cost of transportation to \$6 per ton. This was also defeated, 59 to 64.

Senator Carter opposed the entire proposition, because of its antagonistic effect on the copper industry of his State.

SENATOR CLARK CONCURS.

Senator Clark of Montana concurred in this, and said in addition, that it had been necessary for all the transcontinental railroads to open up coal mines not only for their own convenience, but as a necessity for the people along their lines.

"They have been a factor which we should not overlook in the interest of the people in Pennsylvania and West Virginia," he said. He also spoke of his own industries, continuing: "How am I to proceed under the provisions of this amendment? I will be 'between the devil and the deep sea.'"

He expressed the opinion that the coal question should be dealt with separately from the railroad question.

VOTES TAKEN.

The Culberson amendment was then voted down, 11 to 62.

A vote was then taken on the Elkins amendment as modified by its author, and it was passed by a vote of 67 to 6, the negative votes being cast by Messrs. Anthony, Baileys, Clark, Wyoming, Millard, Pettus and Warden.

THE PROVISIONS LANGUAGE.

The provision is in the language of the original McCumber substitute, and is as follows:

"From and after May 1, 1930, it shall be unlawful for any common carrier to transport from any State, Territory or district of the United States or to any foreign country any article or commodity affected, mined or produced by it, under its authority, or which it may own in whole or in part, or in which it may have any interest, direct or indirect, except such articles, commodities or services as may be necessary or used in the conduct of its business as a common carrier."

After disposing of the question of the transportation of coal, the Senate proceeded to the consideration of other amendments to the Rate Bill, voting some down and accepting others, but acting on all practically without debate.

DRUG TRUST'S TURN NEXT.

Government Begins Proceedings
in Indiana Court.

Injunction Desired Against
Keeping Up Prices.

National Associations With
Officers Defendants.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, May 9.—The Attorney-General today made public the following statement:

"The government has today filed in the Circuit Court of the United States for the District of Indiana a petition for an injunction against certain associations, corporations and individuals, comprising what is commonly known as the 'drug trust' of the United States."

"The parties defendant specifically named in the bill have voluntarily combined together to control the prices at which proprietary medicines and drugs shall be sold to the consumer through the retail druggists in violation of the Sherman Anti-trust Law."

"The parties to the combination include the Proprietary Association of America, the National Wholesale Druggists' Association and the National Association of Retail Druggists."

"The defendant associations are continuing the statement says: 'The Proprietary Association of America is an incorporated association of 90 per cent. of all the manufacturers and proprietors of patent medicines, drugs and proprietary articles in the United States.'"

"The National Wholesale Druggists' Association is also an unincorporated association, composed of nearly all the manufacturers and proprietors of patent medicines, chemicals, drugs and proprietary articles, purchasing the same direct from the manufacturers and supplying the same to the retail druggists in various parts of the country."

"The National Association of Retail Druggists is also an unincorporated association, composed of all the retail druggists in the United States, and through its affiliations, has a membership of about twenty thousand, or nearly all the retail druggists in the United States."

"Each of these three associations has officers who are charged with the transaction of the business of the respective associations. These officers are made party defendants to the suit, as well as certain other individuals, firms or corporations who are members of the respective associations."

"The bill charges in substance that these associations, their officers, delegates and members are all engaged in a common undertaking, to wit: The buying of certain drugs, chemicals, and selling patent medicines and drugs and proprietary articles throughout the United States. That these associations and the members thereof have entered into a conspiracy to arbitrarily fix and regulate the price at which such articles shall be sold to the consumer; and that they have established rules and regulations to enforce such an unlawful agreement by restricting the purchase and sale of such commodities to those members of the several associations who shall live up to and observe the rules and regulations thus arbitrarily prescribed by the respective associations."

INJUNCTION PRAYED FOR.

An injunction is prayed for prohibiting these associations from acting in concert for the purpose of maintaining prices, and the individuals, firms and corporations who are members of the respective associations from acting together for the purpose of maintaining uniform prices to the consumer throughout the United States."

OTHER NAMED.

(BY THE ASSOCIATED PRESS—A.M.)

INDIANAPOLIS (Ind.) May 9.—Acting under instructions received from Atty.-Gen. Moody, Joseph Keating, United States District Attorney, today filed in the United States court before Judge A. B. Anderson a petition for an injunction against several corporations and individuals, comprising what is alleged to be the "drug trust" of the United States.

The defendants named in the complaint are as follows: National Association of Retail Druggists and its members, agents and officers; the Tri-Partite Proprietors and its members, agents and officers; the Black List Manufacturers and its members, agents and officers; the Wholesale Contract Proprietors' Association, its agents, members and officers; and the following Indianapolis defendants: The E. L. Company, Jacob Oms Company, James W. Money, John N. Carey and Frank Holliday.

SECRETARY VOTER'S SURPRISE.

(BY THE ASSOCIATED PRESS—P.M.)

CHICAGO, May 9.—Thomas Voten, secretary of the National Association of Retail Druggists, when informed of the action taken by the Attorney-General, said: "The action is a surprise to me. We are not in any agreement to hold up prices. We are only trying to protect our own interests."

CONSTRUCTION BUREAU'S TASK.

WASHINGTON, May 9.—The Construction Bureau of the navy is willing to undertake to build the Leviathan, the 20,000-ton battleship provided for in the pending Naval Appropriation Bill, and on the basis of its experience acquired in the construction of the battleship Connecticut at the New York navy yard, the constructors feel that they can execute this task with a reasonable dispatch at a minimum of cost.

CAPITOL MILLING COMPANY.

well to the late Secretary Hay concerning the original concessions to the Panama company. After replying that the letter spoke for itself and that questions relating to that transaction were not germane to the present inquiry of the Senate Committee on Inter-Oceanic Canals, Cromwell met a rapid fire of questions with prompt responses to answer.

Mr. Morgan found it impracticable to pursue an examination which concerned the relations of Cromwell to the old Panama Canal Company, and he turned to inquiries regarding the services of Cromwell to the Panama Railroad Company.

The examination for some time then continued on the subject of bond issues and sales. Cromwell answering these questions freely, but his recollection on the subject was limited. He said that in the books of the Executive Committee which Mr. Morgan had before him, were recorded all of the transactions.

WASHINGTON BRIEFS.

WASHINGTON, May 9.—The President today signed the following nominations to the Senate:

Consul-General at Large, to take effect July 1, 1930—Fleming D. Chesbrough, New York; Horace Lee Washington, Washington, D. C.; Charles M. Dickinson, New York; George H. Murphy, North Carolina; and Richard M. Bartleman, Massachusetts.

The nomination of the five Consuls-General-at-Large is to fill new offices created by the act of April 5, last, providing for the reorganization of American consular offices wherever the President has reason to believe they are not being properly conducted, and in any event every consular office must be inspected by them at least once every two years.

Secretary Root has given his most careful personal attention to the selection of the nominees. He has said that he has obtained some of the best material in the service.

Pensions for Kansas Cavalry.

WASHINGTON, May 9.—The House Committee on Pensions today ordered a favorable report on the Scott bill, which gives a pensionable status to the veterans or their widows of the Eighteenth and Nineteenth Kansas Cavalry regiments under the Act of June 21, 1906, providing for pensions for soldiers who served ninety days during the Civil War. These regiments were mustered in just at the close of the war, but did valuable service in repelling Indian attacks thereafter.

Minister Corea Assassinated.

WASHINGTON, May 9.—Mr. Corea, the Nicaraguan minister here, today received a cablegram stating that Adolfo Altamirano, the Nicaraguan Minister of Foreign Affairs, has been assassinated.

Platt Against Polygamy.

WASHINGTON, May 9.—Senator Platt today introduced a joint resolution prohibiting polygamy. It provided that "neither polygamy nor polygamist practices shall exist in the United States or any other place subject to this regulation." The bill provides that either is a crime punishable under the laws.

St. Gaudiens to "Sculp" Jefferson.

WASHINGTON, May 9.—Secretary Root today announced that August St. Gaudiens had been secured as sculptor for the proposed Thomas Jefferson monument, to be erected in Washington.

BROKE CANE ON COUNT'S HEAD.

PARIS, May 9.—Lucien Millevore, editor of the Patrie and member of the Chamber of Deputies, and Count Methuill Noailles today had an exciting street encounter, during which Millevore broke his cane over the head of the Count. The affair grew out of the recent election, where they were competing for the Sixteenth district of Paris. Millevore had refused to accept the Count's challenge to fight a duel on the ground that political abuse did not warrant a hostile meeting, whereupon the Count attacked Millevore on the street.

CHICAGO GETS BURNS STATUE.

CHICAGO, May 9.—The bronze statue of Robert Burns, designed by W. Grant Stevenson of Edinburgh, Scotland, was formally turned to the West Park Board yesterday by William A. Barclay, president of the Burns Monument and Memorial Association. It will be placed in the park, said Mr. Barclay, in his speech presenting the monument, said the organization of which he is president had worked eighteen years to obtain the funds for the monument.

At New York, the defendants in the "Red" case, indicted for alleged violation of the Elkins law, yesterday pleaded not guilty.

LAST LONG JOURNEY OF "WHITE BEAVER."

DR. BENJAMIN F. POWELL ("White Beaver.")

ALL that is mortal of the late Dr. Benjamin Franklin Powell, familiarly known in many parts of the country as "White Beaver," will be cremated this afternoon at Rosedale cemetery. Funeral services will be held at 2 o'clock in the chapel at that city of the dead. Dr. Powell was a noted scout and was a foster brother of Col. W. F. Cody ("Buffalo Bill").

The body of Dr. Powell arrived in Los Angeles yesterday afternoon, accompanied by the widow. He died on the train just before it entered El Paso, Tex., last Monday.

For some months past the old scout suffered with dropsy. In November it was believed he could not survive many days.

Dr. Powell was extremely anxious to see his foster brother once again, and it is said this great desire was the means of keeping him alive. Col. Cody was in New York at the time, and hurried to Cody, Wyo., as rapidly as possible.

When Dr. Powell recovered to some extent he came with his wife in January to California, and they went to the home of Mrs. Powell's parents, Mr. and Mrs. Brockway, on Sierra Vista avenue, Colgrove.

Finally he undertook the journey

to Chicago to consult with specialists. With Mrs. Powell he started last Sunday on the long journey. Death defeated his plans.

The Masons have taken charge of the funeral arrangements. According to Dr. Powell's special request, his body will be cremated and the ashes will be taken by Mrs. Powell to Wyoming for final disposition.

COL. CODY AND DR. POWELL.

For forty years Col. Cody and Dr. Powell were in closest relationship as government scouts and as Indian fighters their experiences commingled. Of recent years Dr. Powell was in sole charge of "Buffalo Bill's" interests in this country.

The name of "White Beaver" was given Dr. Powell by the Sioux Indians, among whom he practiced medicine with such success that they venerated him. Four times he was Mayor of La Crosse, Wis. Once he was a candidate for Governor of that State. He served for a time as a surgeon in the regular army.

He was a thirty-second degree Mason and a member of Osun Temple of the Mystic Shrine at St. Paul. At one period he was Masonic State lecturer for Nebraska. He had practiced medicine for a considerable period in St. Paul. He was in his sixtieth year at his death, and had been married thirty years.

TRIES TO KILL TWO POLICEMEN.

NEGRO EMPTIES REVOLVER, BUT HIS AIM IS POOR.

Narrow Escape for Officer, Whose Hat Is Pierced by Bullets—Assault on Police, but Is Caught by Lattice Door, Through Which He Tries to Dive—Is Arrested.

After firing five revolver shots at colored patrolmen W. L. Stevens and W. W. Glenn, while the officers were walking on Ceres avenue between Eighth and Ninth streets last night, a negro named O. C. Miles was captured after a desperate chase lasting for ten minutes.

He was caught by the officers after running through flower gardens, jumping over fences and finally diving through a lattice door, which held him tight. Miles was taken to the police station securely handcuffed. He gave his address as No. 324 Ceres avenue.

Officer Stevens had a narrow escape from being killed, his hat being riddled with bullets, which Miles fired in rapid succession before Stevens could drop to his knees. Both officers escaped injury.

The two officers were walking along the street at a slow pace when their attention was attracted to Miles, who ran towards them pulling a revolver from his pocket. As Miles opened fire on them both officers called to him to stop, shouting the information that they were patrolmen. Miles either failed to hear the warning or was mistaken in the identity of the officers owing to the fact that they were in plain clothes.

The first two shots fired by the negro passed through the rim of a stiff hat worn by Stevens. He dropped to his knees in time for the third bullet to go whizzing over his head, and probably saved himself from death in this manner.

The officers started in pursuit of their assailant before he had finished firing at them, and he turned and fled. They had great difficulty in following the fleeing man over the route which he took in the hope of making his escape.

Miles gave no reasonable explanation for his unwarranted attack on the officers. He claimed that his house had been recently burglarized, and "spotting" the plain-clothes officers for bad men he hastened to his home and secured the revolver with which he came near committing murder.

The entire neighborhood was roused to great excitement by the assault and subsequent chase, and the officers were prevented from firing at Miles in his flight because of the presence in the street of many women.

GIRL DISAPPEARS.

Police Now Hunting for Maude Griffin, of Santa Barbara, in Gay Places Here.

Two cases of mysterious disappearance were reported to the police last night.

Mrs. O. W. Griffin of Santa Barbara arrived in the city last night and immediately reported the disappearance of her daughter, Maude, from their home in Santa Barbara, several days ago. Information was obtained yesterday which led the mother to believe the girl had come to Los Angeles and a search is now being made for her about various places of amusement.

Black hair, hazel eyes and prominent upper front teeth. Mrs. Griffin is staying temporarily at the Salvation Army headquarters, No. 659 San Julian street.

The disappearance from Los Angeles of George Liddle, a blind man, was also reported. Liddle has lived for several years at No. 127 East Second street, and early every day has appeared on the street with a hand organ and solicited alms. Liddle has been blind many years. He is described as 50 years old, weighing 100 pounds, and being 5 feet 9 inches tall. Liddle has a light-brown mustache and brown hair. He disappeared from the County Farm April 23.

SUNDAY YACHT RACES.

South Coast Club Will Formally Open the Season With a Contest Off Long Beach.

Local yachtsmen are busy these days preparing for the first race of the South Coast Yacht Club, which will be sailed Sunday off Long Beach, probably over the usual twelve-mile triangular course. It is said that Wedgewood's Skiff, Folsom's "Mischief II" and Fugate's "Monsoon" will sail their maiden race in this event.

DIVINE SARA'S PLAYS.

"La Sorciere" is to be Bernhardt's opening bill at Venice Auditorium on the evening of the 15th inst., her repertoire finally having been arranged. "Camille" will be given at the Saturday matinee, and the great tragedy "La Tosca" Saturday night. The sale of tickets will open this morning at Birckel's music store.

How Consumption Is Cured

At the Ballard Pulmonary Sanatorium pure air is drawn from a high altitude and forced through cyclinders which contain antiseptic fluid. Thus the air becomes sterilized. Inhabited with the properties of this fluid and is thereby rendered germicidal in its nature. This germ-destroying air permeates every lung cell, and its value is too apparent to need explanation.

TWO-HUNDRED-THOUSAND-DOLLAR NEW HOSPITAL IS COMPLETED.

AFTER more than a year of building, there now stands ready for service in this city one of the most life-saving stations ever erected in the Southwest—the new Angelus Hospital, at Washington and County streets.

Formal inspection of the handsome building and its extensive equipment was made for Monday. The public is invited to visit the hospital from 9 a. m. to 1:30 p. m. on May 10, and from 1:30 to 3 p. m. on May 11. There will be no formal program. Every part of the plant is open.

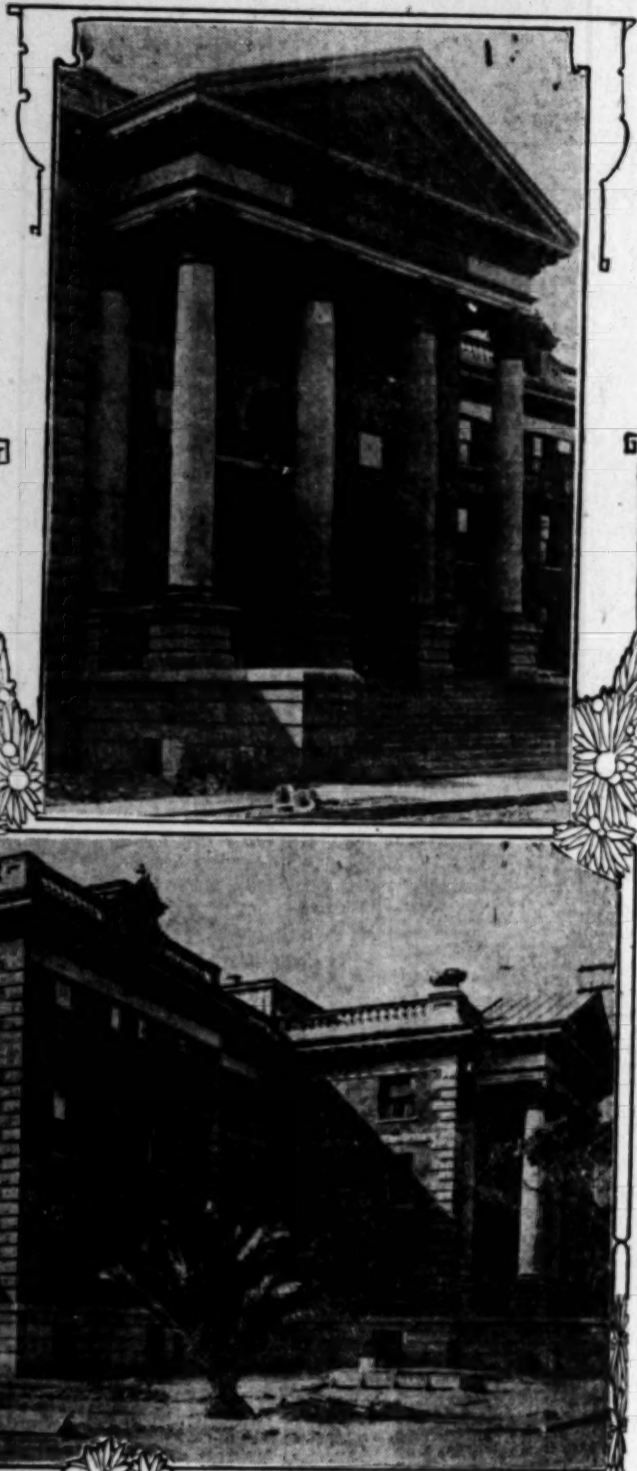

The Angelus Hospital represents an expenditure of more than \$200,000. It has the latest ideas in hospital building incorporated in its construction. Several entirely new features have been adopted.

It is a slightly four-story structure, with a fireproof roof as is possible with modern-day building materials. Brick, concrete and cement were used. All the walls are of metal and concrete, and all supports of iron. No wooden casings are used, and where there are laid they rest on thick foundations of fireproof materials.

The hospital was designed by Architect John C. Austin, and F. L. Spaulding is the contractor. The basement is occupied by kitchen and dining room for the nurses and employees; the first floor is for the nurses' quarters, laundry, baths, etc., and a fine ice-making machine with a daily capacity of 2000 pounds. On this floor is located the lighting and power and heating plant.

The main floor are the parlor and reception room, general office, consulting rooms for physicians, and two wards each with accommodations for twenty patients. On this floor are seventeen patients' rooms and baths connected.

The second floor has twenty-one

The Angelus Hospital, ready for opening. Smaller picture shows the handsome entrance.

and double rooms for patients; operating rooms, anesthetic room, storages and diet kitchen. The floor is practically a duplicate of the first.

At the top of the long building is a sun parlor for the use of patients.

One of the new features in the Angelus Hospital is the ventilating system. Fresh air is admitted through openings in the sides of the walls and is pumped out of all rooms by a fan and forced into a main shaft which carries the air to the roof.

Every patient's room is fitted with

hot and cold water pipes, and so arranged that portable baths may be used at a moment's notice.

A system of distilling water, the idea of Dr. Charles B. Nichols, has been installed. This condenses the exhaust steam into water; this is filtered, reboiled and passed into retorts, where it is separated, a portion being reduced to 45 degrees, and the balance kept at 212 degrees. Thus any room in the building has available boiling water on the instant, distilled and ready for use in any emergency; and the system also provides the purest of water for drinking purposes.

The Angelus Hospital will be opened next week with a corps of sixty persons. When used to its full capacity it can accommodate 120 patients. All classes of general hospital services will be provided for, with the exception of all contagious diseases.

The board of directors is composed of Dr. Charles B. Nichols, president; Dr. F. C. Shurtleff, vice-president; Dr. C. W. Bryson, secretary; Dr. J. H. Seymour, treasurer; Niles Pease, Dr. James H. Shults and Dr. E. F. Church. The structure adjoins the College of Physicians and Surgeons, but is entirely independent of that institution.

MAKING READY THEIR HOMES.

REFUGEES PREPARING TO SETTLE IN THIS CITY.

The Department of Relief Work will help worthy families to begin life over again in Los Angeles—Country Towns Contribute and Will Furnish Is Needed.

Another problem has presented itself to the Citizens' Relief Committee in connection with the success given to the refugees now in Los Angeles. Scores of them have been taken into temporary homes and each day finds a large number who must be cared for at once.

The state of these people is worse than the first, and their need is great. Upon their own resources they must set up housekeeping at once. They are provided with enough money to last about one month's rent, but the rent paid their meager supply is exhausted. The Citizens' Relief Committee, through C. C. Desmond, who is superintending the big work undertaken to give each family a start.

For means much for the refugees, food and coffee dealt out in large quantities yesterday was exhausted by the middle of the afternoon, and a new supply was sought and found.

From homes where they have been hospitably treated for the past weeks come those who have suffered the horror of desolation in the beautiful city. Life must be begun anew but they have little to which to make the start. Often they are derelicts, tied in a bundle, replying the worldly goods of a famished man on "easy street."

A new department has been opened at the headquarters. Furniture has been added to the list of articles gathered in the Baker Block. Beds, sofas, kitchen and dining-room sets and chairs, are on the requisition list, and housekeeping on a business scale is possible for many.

Blankets are being distributed, soap, canned goods and perishables also given. This first start is made much for those who are being

ment positions. Since the opening of the bureau the bums and loafers who have attempted to get requisitions of food and clothing have scattered and the work of the committee is easier.

From morning until night there is a steady stream of those in need of help. Each case is thoroughly investigated and there is little chance for the faker to impose on the keen men at the head of affairs.

Work that counts is being done, and the hundreds who have been benefited are being absorbed into the city life of Los Angeles and many have already decided to reside here. Los Angeles is receiving for her own the cream of the hundreds who have tasted her hospitality.

ORPHANS TRANSFERRED.
Citizens' Relief Committee Removes Seventeen Children from Volunteers of America Home.

C. C. Desmond, acting under orders of the Citizens' Chamber of Commerce Relief Committee, yesterday made an inspection of the children's home of the Volunteers of America, at Twenty-third street and Vermont avenue. He removed therefrom seventeen of the thirty-two orphans brought from San Francisco, and placed them in the Los Angeles Orphan Home, at Alpine and Yale streets.

Mr. Desmond reports that he found the Volunteers' home much overcrowded, two children sleeping in many of the cots, and it was deemed wise to relieve the conditions for the welfare of the children.

A new building is under construction on the grounds of the Volunteers' home and it will be completed in a couple of weeks. This will make additional room, but it is not the intention to return to this home the children removed yesterday. They will be kept at the Los Angeles Orphan's Home until they can be returned to their former custodians in San Francisco.

Concerning the objectionable conduct of Superintendent Wood in speaking insultingly to persons who visit the home under the impression that some of the children are for legal adoption, Adj. Hughes said yesterday that Wood had been instructed to be more respectful. That, however, does not excuse the coarseness that inspired Wood's treatment of visitors in the past.

CASH DONATIONS.
RELIEF FUND SUBSCRIPTIONS.
The following additional subscriptions were received at the Chamber of Commerce for the San Francisco Relief Fund, yesterday: George A. Court, \$5; Rebecca Matison, \$1; M. J. MEET AT SACRAMENTO.
Democratic State Central Committee Will Gather at Capital Early in June.

Sacramento has been selected for the postponed meeting of the Democratic State Central Committee.

Official announcement has come from Timothy Spellacy at Bakersfield, chairman of the committee, to the effect that the gathering will be held at the State Capital some time in June. The exact date has not been determined upon, but it will be prior to the 15th of the month.

The first meeting of the committee was called for this city on the 18th of last month, and elaborate preparations were made by local Democrats to entertain the visitors. That was the fateful day of the earthquake in the north, however, and the committee members reached here in the morning only to hear the news and to turn back toward their homes.

It was thought that the coming meeting might be held in San Francisco, but the state of affairs there forbids.

The committee at this meeting will fix the time and place for the next Democratic State convention, an event that Chairman Spellacy hopes to have held as early as possible. He has declared himself for a progressive platform.

building, last night was able to show
the magnificent total of \$21 needy and
deserving refugees placed in good pay-
ing positions, and still a total of 239
positions on her list unfiled to date.
This wonderful showing of the bu-
reau is truly gratifying to the ladies
of the Parliament, who have worked
early and late, with the single thought
of benefiting the needy, and they say
the good work yet to be accomplished
will even surpass that already done.
Half an hour spent in the large, well-
lighted room would cure any one of
pessimistic fears as to the outcome of
the bureau's work in bringing girls and
deserving women from San Francisco
to this city.

A corps of ladies, members of the
parliament, who are well qualified for
the work, surround Mrs. Gibbs, and
everything is ship-shape and order
obtains everywhere. Good, practical
results are apparent.

"We are fulfilling the ideal work
just now in bringing the employer and
employee together," said Mrs. Gibbs
yesterday. "I feel it an honor to be
engaged in this work. When I think
of the deplorable condition of hun-
dreds of girls and women in San Fran-
cisco, and at the same time in re-
ceipt of hundreds of requests for help
of various character, I cannot but feel
that the parliament has scored a suc-
cess in establishing this bureau."

Mrs. Lucy S. Blanchard, vice-pres-
ident-at-large of the parliament,

CAREFUL SELECTION.
"This city will not be flooded by un-
desirable girls and women, as some of
my critics have held, but only the de-
serving, good girl, whose character is
known and who is in distress and in
danger of being brought under the
wrong influence will be cared for. The
Woman's Parliament of Southern Cal-
ifornia has taken up this matter, not
in a moment, but only after the most
careful thought. We don't want the
men and make a point of it that they
lists of positions open in that locality
have come to Mrs. Gibbs.

"There are many beautiful homes in
the suburban districts of Los Angeles
which have been thrown open for
working girls and nurses. It has been
hard heretofore to secure help of the
right character and by bringing these
unfortunate girls, whose character is
known and who are in distress and in
danger of being brought under the
wrong influence will be cared for. The

who has been sent to San
Francisco to arrange for a
party of 100 women and girls to
come to Los Angeles and accept the
positions now open, has established
headquarters in the Chronicle Build-
ing in that city, and has the active
cooperation of Mrs. Alice Keatinge, the
authorities.

Another feature which will make
for a careful selection of the most de-
sirable women and girls of the stricken
city, is that the German and Swedish
consuls have been appealed to that
they may recommend desirable girls
who will accept work and will come
to Los Angeles.

By this means and a careful weed-
ing out of applicants only the deserv-
ing and trustworthy women and girls
will be brought here.

The demand for help is not confined
to Los Angeles, but comes from almost
all over Southern California.

The Woman's Parliament, which has
been organized over sixteen years and
has officers and local bodies through-
out every county in Southern Cal-
ifornia, has sanctioned the movement
to bring deserving girls to this sec-
tion, and from the various branches
lists of positions open in that locality
have come to Mrs. Gibbs.

LAST PARTING A REVELATION.

Veteran Finds Lost Brother
in the Casket.

Identifies the Body by an Old
Scar of the War.

Sad and Strange Experience
of Ira Strickler.

Hurled apart by the forces of the
Civil War to meet for but a fleeting
moment twenty-nine years later, only
to again be separated, with the next
meeting place in Los Angeles thirteen
years afterward, and this time one of
them cold in death, was the experience
of Henry W. Strickler, broker and
manufacturer of Pittsburgh, and his
brother, Ira N. Strickler, of the health
department of Los Angeles.

Henry W. Strickler died suddenly
last night on a street car on Forty-
ninth street, this city.

With his wife he had been visiting in
Los Angeles for the last four months
and was making preparations to es-
tablish his home in this city.

At the same time his brother, I. N.
Strickler, was working for the health
department. Neither knew of the
presence of the other in the city until
the publication of the news of H. W.
Strickler's death was made in The
Times.

IDENTIFIES DEAD BROTHER.
This was seen by I. N. Strickler and
he inquired at the rooms of Peck &
Chase, undertakers on Hill street, out
of curiosity as to who this H. W.
Strickler was. He says he little thought
it was his long-lost brother. The iden-
tification was complete.

Born of old Revolutionary stock, the
Strickler brothers were in early years
well known in Pittsburgh. Upon reach-
ing maturity Ira went to Kansas City
where he entered the employ of the Ar-
mour Packing Company. Henry re-
mained in Pittsburgh, where he early
reached affluence.

When the Rebellion broke out both
brothers in widely separated places
volunteered their services and fought
for the preservation of the Union.
Henry was a member of the Ninth
Pennsylvania, which went through the
thickest of the battles in the Civil
War.

Ira became a member of the Six-
teenth Illinois, in Co. B, and also saw
long and hard service in the war.
Meetings between the brothers during
this period were few and far between.

After the war the address of each
was lost to the other and a period of
twenty-nine years passed with no word
interchanging.

MEETING AFTER MANY YEARS.
In 1883 Ira visited Pittsburgh and
seeing a sign of a stock broker on a
window reading "H. W. Strickler," in-
quired if it was a relative and the sec-
ond meeting of the brothers occurred.

Both had reached and passed the
sixtieth milestone of their lives and
they swore eternal allegiance to one
another and that they would never
again lose track of the other.

Ira returned to Kansas City and took
up his work there and Henry remained
in Pittsburgh.

Fortune prospered for Henry greatly,
while it hid its face from Ira. Henry's
wealth reached comfortable figures
and Ira still was in moderate cir-
cumstances.

Sickness and changes of address
after a year or so resulted in the
brothers again losing track of each
other. Ira came to Los Angeles about
eight years ago and has remained in
this city ever since.

Five months ago Henry, accompanied
by his wife, came to Los Angeles seek-
ing for health. He was pleased with the
city and country and determined to
remain here.

He was interested with other mon-
eyed men in a project which had for
its object the establishment of a big
glass factory in Los Angeles and but
a few days before his death he had
been in communication with other
men in regard to the matter.

For five months he went about the
city and several times was at the City
Hall on business matters, but little
thought that probably any day these
days he was within a few feet of his
long-lost brother, Ira.

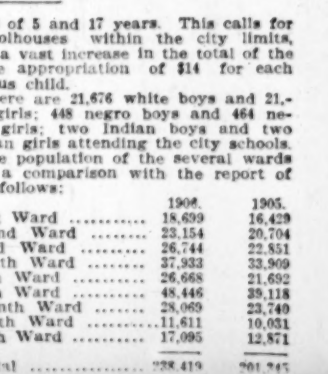

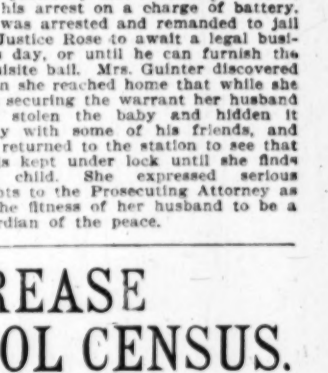

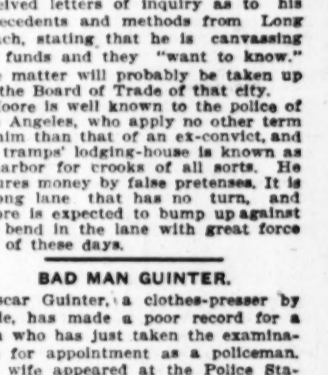

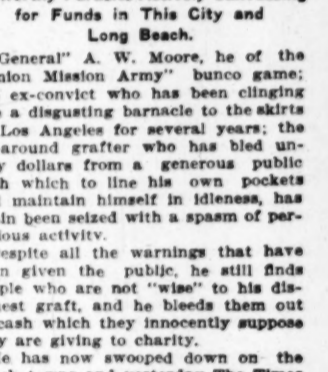

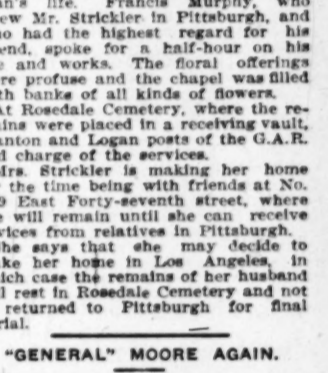

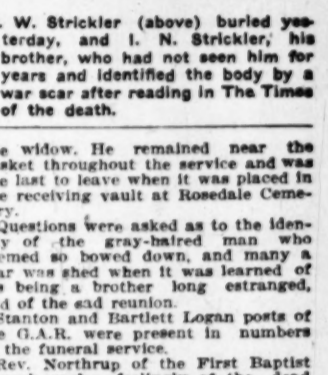

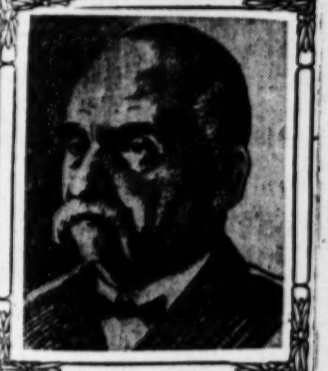

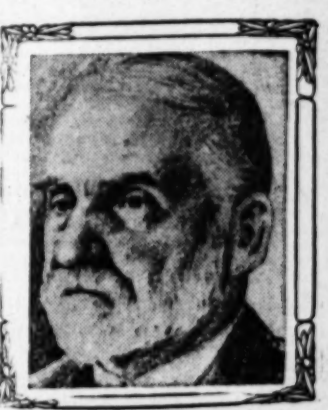

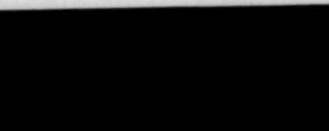

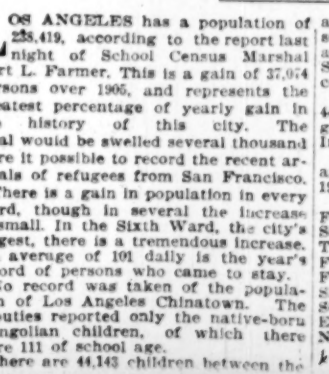

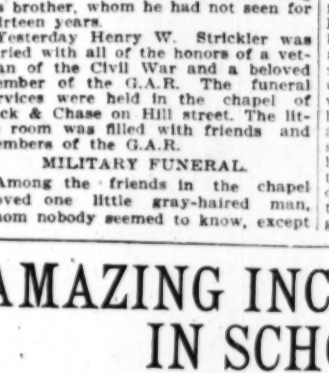

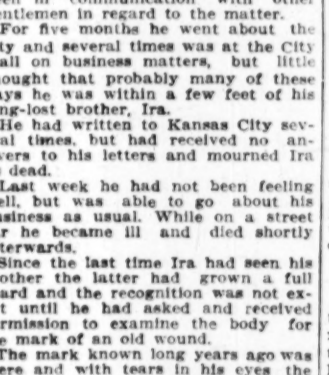

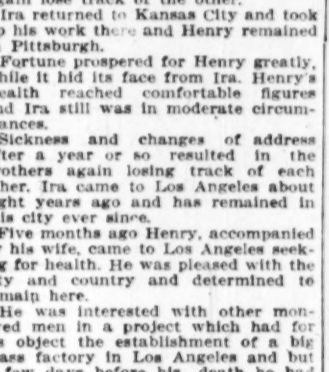

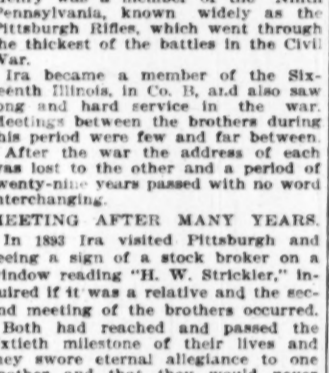

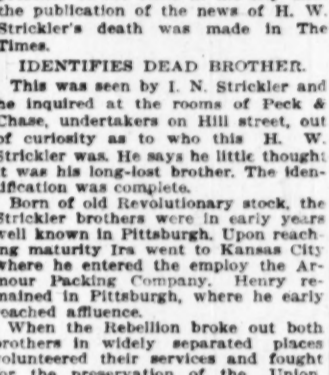

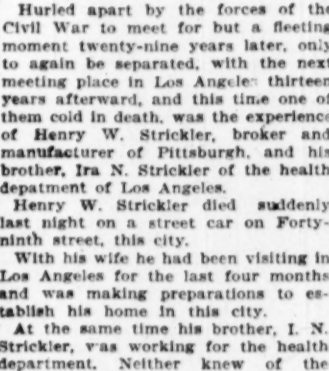

He had written to Kansas City sev-
eral times, but had received no an-
swers to his letters and mourned Ira
as dead.

Last week he had not been feeling
well, but was able to go about his
business as usual. While on a street
car he became ill and died shortly
afterward.

Since the last time Ira had seen his
brother the latter had grown a full
beard and the recognition was not ex-
actly what he had asked and received
permission to examine the body for
the mark of an old wound.

The mark which Henry saw was
there and with tears in his eyes the
aged man told of the dead man being
his brother, whom he had not seen for
thirteen years.

Yesterday Henry W. Strickler was
buried with all of the honors of a vet-
eran of the Civil War and a beloved
member of the G. A. R. The funeral
services were held in the chapel of
Peck & Chase on Hill street. The li-
tle room was filled with friends and
members of the G. A. R.

H. W. Strickler (above) buried yes-
terday, and I. N. Strickler, his
brother, who had not seen him for
years and identified the body by a
war scar after reading in The Times
of the death.

The widow. He remained near the
casket throughout the service and was
the last to leave when it was placed in
the receiving vault at Rosedale Ceme-
tery.

Questions were asked as to the iden-
tity of the gray-haired man who
seemed so bowed down and many a
tear was shed when it was learned of
his being a brother long estranged,
and of the sad reunion.

Stanley and Bartlett Logan posts of
the G. A. R. were present in numbers
at the funeral service.

Rev. Northrup of the First Baptist
Church spoke feelingly of the dead
man's life. Francis Murphy, who
knew Mr. Strickler in Pittsburgh, and
who had the highest regard for his
friend, spoke for a half-hour on his
life and works. The floral offerings
were profuse and the chapel was filled
with banks of all kinds of flowers.

At Rosedale Cemetery, where the re-
mains were placed in a receiving vault,
Stanley and Logan posts of the G. A. R.
had charge of the services.

Mrs. Strickler is making her home
for the time being with friends at No.
219 East Forty-seventh street, where
she will remain until she can receive
advice from relatives in Pittsburgh.

She says that she may decide to
make her home in Los Angeles, in
which case the remains of her husband
will rest in Rosedale Cemetery and not
be returned to Pittsburgh for final
burial.

"GENERAL" MOORE AGAIN.
Unworthy Parasite Actively Canvassing
for Funds in This City and
Long Beach.

"General" A. W. Moore, he of the
"Union Mission Army" bunco game;
the ex-convict who has been clinging
like a disgusting barnacle to the skirts
of Los Angeles for several years; the
all-around grafter who has bled un-
holy dollars from a generous public
with which to line his own pockets
and maintain himself in idleness, has
again been seized with a spasm of per-
nicious activity.

Despite all the warnings that have
been given the public, he still finds
people who are not "wise" to his dis-
honest graft, and he bleeds them out
of cash which they innocently suppose
they are giving to charity.

He has now swooped down on the
beach towns and yesterday The Times
received letters of inquiry as to his
unprecedented methods from Long
Beach, stating that he is canvassing
for funds and they "want to know."

The matter will probably be taken up
by the Board of Trade of that city.

Moore is well known to the police of
Los Angeles, who apply no other term
to him than that of an ex-convict, and
his tramps' lodging-house is known as
a harbor for crooks of all sorts. He
secures money by false pretenses, as
a long lane that has no turn, and
Moore is expected to bump up against
the bend in the lane with great force
one of these days.

BAD MAN GUINTER.
Oscar Guinter, a clothes-presser by
trade, has made a poor record for a
man who has just taken the examina-
tion for appointment as a policeman.

His wife appeared at the Police Sta-
tion yesterday and secured a warrant
for his arrest on a charge of battery.

He was arrested and remanded to jail
by Justice Rose to await a legal busi-
ness day, or until he can furnish the
 requisite bail. Mrs. Guinter discovered
where she resided home that while she
was securing the warrant her husband
had stolen the baby and hidden it
away with some of his friends, and
she returned to the station to see that
he is kept under lock until she finds
the child. She expressed serious
doubts to the Prosecuting Attorney as
to the fitness of her husband to be a
guardian of the peace.

AMAZING INCREASE IN SCHOOL CENSUS.

LOS ANGELES has a population of
234,418, according to the report last
night of School Census Marshal
Bert L. Farmer. This is a gain of 37,914
persons over 1905, and represents the
greatest percentage of yearly gain in
the history of this city. The
total would be well over several thousand
if it were possible to record the recent ar-
rivals of refugees from San Francisco.

There is a gain in population in every
ward, though in several the increase
is small. In the Sixth Ward, the city's
largest, there is a tremendous increase.
An average of 101 daily is the year's
record of persons who came to stay.
No record was taken of the popula-
tion of Los Angeles Chinatown. The
deputies reported only the native-born
Mongolian children, of which there
were 111 of school age.

There are 41,143 children between the
ages of 5 and 17 years. This calls for
schoolhouses within the city limits,
and a vast increase in the total of the
State appropriation of \$14 for each
centus child.

There are 21,674 white boys and 21-
440 girls; 448 negro boys and 464 ne-
gro girls; two Indian boys and two
Indian girls attending the city schools.

The population of the several wards
and a comparison with the report of
1905 follows:

	1904.	1905.
First Ward	18,699	19,629
Second Ward	23,154	20,704
Third Ward	28,745	22,551
Fourth Ward	37,333	33,969
Fifth Ward	26,588	21,692
Sixth Ward	48,448	59,118
Seventh Ward	28,980	22,740
Eighth Ward	11,611	10,051
Ninth Ward	17,095	12,511

SHOW YOUR TAG
IN BIG PARADE.

DRIVING CLUB WILL GIVE RIBBONS FOR BEST.

Fourteen Classes Arranged for the Horse Show Feature of Fiesta Week—Race Matinee to Be Held at Agricultural Park—Cream of Trotters and Pacers Form Card.

The Los Angeles Driving Club is planning a gala affair for Fiesta week and besides a splendid matinee there will be a horse-show parade in which the animals will compete for ribbons.

A blue ribbon will be given to the best horse and appointments, and a red and yellow to second and third.

The big parade and matinee will be held Wednesday, the 23d, and the parade will occur early in the afternoon, the procession finally winding up at Agricultural Park for the races.

Several classes have been arranged for the show feature of the day, including the following:

Four-in-hand—Heavy hooks to victrola, suitable rig (dresses); heavy hooks to victrola or suitable rig (gentlemen); roadsters, trotters (pairs); roadsters, pacers (pairs); single trotters, single pacers, runabout (ladies); runabout (gentlemen); tandem; saddle horses, three gait, walk, trot, canter (ladies and gentlemen); polo ponies, jumpers, saddle ponies, under 14 hands (boys and girls over 6 years and under 12 years old).

All these classes will be exhibited separately, after which the cups and ribbons will be awarded.

SLOSSON'S FORM IS BEYOND CURE.

"STUDENT'S" BILLIARDS GIVES HIGHEST AVERAGE.

Frenchman in Poor Stroke, and Missing Draw and Cushion Shots That He Should Have Made. High Run of the Game, 82, Surpasses Best Efforts of Foreigners.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, May 9.—[Exclusive Dispatch.] "Student" Slosson, playing in excellent form in the afternoon game of billiards today, was able to score an easy victory over Louis Cure, the Frenchman, who secured but 219 points against Slosson's 500.

The New Yorker was in great form, and made the high average of the tournament thus far, going out in the nineteenth inning, with an average of 26 6-10 and a high run of 82. Cure showed only flashes of speed, and finished with an average of 12 5-18 and a high run of 60.

FEATURES OF THE PLAY.
(BY THE ASSOCIATED PRESS—P.M.)

CHICAGO, May 9.—Louis Cure this afternoon was in poor stroke, and only in one or two occasions showed high-class billiards. Frequently he missed draw and cushion shots that he should have made without trouble.

Slosson, on the other hand, played a careful, consistent game, and after the seventh inning ran away from the Frenchman so rapidly that the game became uninteresting.

Slosson won the bank, made 3, and followed this with runs of 27, 34, 25. Cure, after his initial run of 32, barely counted eleven points until his sixth inning, when he made 24.

Cure took the lead in the tenth with a run of 60, made by delicate line nursing, varied with an occasional drive to the cushion. Slosson, however, immediately recovered the lead with a run of 82, the high run of the game, and from that time on Slosson pulled ahead rapidly, finally winning with an unfinished run of 21.

Slosson's high run was 82; average, 26 6-10. Cure's high run was 60, averaging 12 5-18.

HOPPE BEATS SUTTON.
It was no trouble at all for Willie Hoppe to beat George Sutton, tonight, the final count being 500 to 226 in favor of the youthful wonder.

Hoppe ran out in the twentieth innings, after being far out in front the entire distance. Sutton, with his close style of play, found himself anchored on a table much faster than the one on which he has been practicing.

The conditions suited Hoppe all over, and starting with a fine run of 60, never left the result in doubt. Hoppe's high run was 112, average 25. Sutton's high run was 59; average 11 6-20.

TURNERS POSTPONE.
Big State Meet Scheduled for Mid-June, Goes Over for Year and Locals Will Meet.

The big State Turner meet which was scheduled for about June 15, has been called off for this year, and will be held the June following.

This action was taken at a recent meeting of the Los Angeles Turnverein Society, owing to the inability of the San Francisco Turners to participate. However, everything will not be abandoned along athletic lines, and plans are now making for holding a local turnfest during the month of June in which possibly San Diego and several other towns will participate.

The local society is the second largest in the state and contains many capable athletes, who have been training for some time for the coming meet. These will keep up their work and be in readiness to defend their honors against competitors from Southern California. It is hoped next year to make the meet the biggest thing of its kind ever held in the State.

Will Open Clubhouse.
Within the next ten days the Pasadena Ball Club will open its clubhouse on the San Gabriel River, and the members will spend ten days fishing with the flinty tribe.

The clubhouse is a snug affair, located on the west fork of the river, and is right in the midst of the best fishing grounds.

Sliced Boiled Ham
Cooked So the Flavor is Retained

There's a difference in boiled ham. Perhaps you won't realize how great a difference until you've had some from our Delicacy Department. We use the finest hams we can buy, and have them smoked especially for our cooking. And they're cooked in our own way—the juice and flavor of the ham is not "boiled out" but "boiled into" the ham—you could cook your coffee with the water in which this ham has been boiled, it is so clear and pure, when finally drawn off. We sell this delicious ham at 35c a pound.

UP AGAINST IT AGAIN.

UNCLE SAM, BANKER.

Facts and Figures That Show How He Has Succeeded in This Business.

(SPECIALLY CONTRIBUTED TO THE TIMES.) It was on March 14, 1906, that Uncle Sam began to enlarge his national banking business by reducing the required minimum capital stock of his various banking offices, from \$20,000 to \$25,000. That was a wise move because it opened the way for a more widespread development of the country's resources and opportunities. Small towns have been able to open up small banks, because the savings or surpluses of the people did not leave the place for deposit in some larger city bank, but were retained and used to develop local industries.

Since the date named, March 14, 1906, and up to April 23, 1906—in round terms six years—235 new national banks have been chartered with \$188,899,800 authorized capital. These classify as:

Number of banks. Capital. Eastern States..... 121 \$22,225,000 Southern States..... 121 22,225,000 Middle Western States..... 121 22,225,000 Pacific States..... 121 22,225,000 Hawaii and Porto Rico..... 121 22,225,000

By groups of States, the location of the 235 new banks is shown to be, as follows:

Number of banks. Capital. Ohio..... 121 \$22,225,000 Pennsylvania..... 121 22,225,000 Indiana..... 121 22,225,000 California..... 121 22,225,000

Bearing in mind the proposed "State of Oklahoma" the total of 245 new banks with \$200,000,000 capital, opened in the Territory of Oklahoma and Indian Territory, is particularly noteworthy. The same may be said of the equal to one and one-half banks for every square mile of the Territory.

At the close of business on April 23, 1906, the balance sheet of Uncle Sam, Banker, showed as follows:

Number of banks..... 6,031 Authorized capital..... \$27,935,213 Secured circulation..... \$14,341,458 Bonds deposited as security..... \$16,391,490

That is a very safe showing. Uncle Sam, Banker, on March 14, 1906, to April 23, 1906, some banks failed and others went out of business for one reason or another, leaving the net increase in banks and capital as:

Number of banks..... 2,413 Capital..... \$32,475,180 Secured circulation..... \$20,475,180 Years ago Chaplain McCabe telegraphed to a Methodist conference that in session, "Praise God, building one day." Uncle Sam did better than that. In 1905 he built 486 banks. Reckoning 200 working days to the year, that was equal to one and one-half banks a day and thirty-six over.

The total number of new banks organized in each of the past six years:

1900..... 388 1901..... 492 1902..... 492 1903..... 513 1904..... 460 1905..... 486 1906, four months..... 179

Uncle Sam, Banker, is alright. WALTER J. BALLARD. Los Angeles, May 8.

A BUSINESS SAFEGUARD.

Readjustment, to meet the wiping out of a vast piece of stored wealth by the disaster in San Francisco, is the keynote of present operations in financial circles from ocean to ocean. The immense waste of hundreds of millions of property in forty-eight hours was a shock to the markets of the world. Reports from London state a financial upset in the markets, there. In Wall street all sorts of stocks, in copper, Atlantic railways, coal companies and steel corporations, although the demand for steel must be largely increased by the disaster, promptly declined. However, it has been noted that the dead weight of \$200,000,000 in the Chicago fire was but a fraction of the capital being away from the city of the Franco-Prussian War of the same year. In a similar comparison, the loss in San Francisco bears a small relation to the strain on the elasticity of capital of the waste of a coal billion.

The two years following the Chicago fire were marked by great prosperity and the panic of 1873, two years later could not be said to be the rational outcome of the great fire. Like the Chicago fire, the present disaster has come on the wave of a trade boom. The volume of business

HITS HARD AT CRUEL ABUSES.

Uncle Sam to Aid of Horses on Mail Wagons.

Starving Animals Forced to Do Heavy Work.

Contractor Will Be Made to Toe High Mark.

It will take something more than a handful of oats and a kick, hereafter, to provide a day's ration for the tottering and overworked horses that haul the United States mails in Los Angeles. So notorious has become the abuse of the dumb animals that the government has sent a special agent here to effect a prompt reform.

The disgraceful picture of gaunt, starving, crippled horses, lashed almost beyond the limit of endurance in an effort to "make" a train, has been flashed to Washington and it has brought quick results.

The outcome is that the man charged with the responsibility for recent and present conditions must make a sudden change in his methods or stand in danger of losing the mail-carrying contract for the next four years.

This man is J. W. Ritzman. He is known as the manager for John E. Loomis, whose contract for hauling the mails between the postoffice and stations expires on July 1, next. On his extremely low bid, submitted a few months ago, Ritzman was awarded the contract for the following four years. He may not get it, after all.

PASADENA RECORD.

They are better acquainted with Ritzman in Pasadena. The agents of the Society for the Prevention of Cruelty to Animals have yanked him up more than once. He used to have a street-sprinkling contract in that city. The condition of his horses aroused the pity and the resentment of many persons. He was fined \$10 once for cruelty to animals. On another occasion in court he begged off by promising to do better.

The way the poor old, spirit-broken nags in the mail service have been treated is an example of how he has kept his promise.

R. E. Mansfield, special agent of the Postoffice Department, and likewise assistant superintendent of the United States Railway Mail Service, declared yesterday he never had seen poorer horses and more rickety wagons carrying mails in any other city of the United States.

"I was sent here by the Second Assistant Postmaster-General to investigate conditions," said Mr. Mansfield yesterday. "I shall make my recommendations later. I shall stay here for a time to see how things go."

While the text of Mr. Mansfield's report cannot be made public until it shall have reached Washington, it is known that it hits hard at Ritzman.

ABUSE STIRS PROTEST.
The abuse of these hard-working horses has aroused the protest of citizens; the local postoffice officials have complained, not only of the starvation and other abuse of the animals, but of the hindrance to the service; Superintendent Zimmer of the Society for the Prevention of Cruelty to Animals has watched and warned Ritzman, and was preparing to take summary measures, and now the sharp prod of Uncle Sam promises to bring about the desired result.

It is said that Ritzman already has begun to feed the horses more plentifully, frightened at the turn affairs have taken.

A sorry-looking collection is that of the horses that haul the mails between the postoffice and railroad stations, from one station to another, and between the main postoffice and the various substations. They may be seen any day at the main postoffice or on the streets.

Ever-drooping heads, tell of the breaking of that fine spirit that causes a well-treated animal to keep its head erect. Scuffed-up skin hanging loosely over the ribs indicates the need of nourishing food. Patched-up harness shows where more economy is practiced. Rickety wagons, with parts worn off; wheels and other running gear that display long-forgotten acquaintances with water; the coat-of-arms of the United States so battered and disfigured as to be hardly distinguishable. The sight stirs the resentment of every spectator who draws the breath of a nation.

DRIVERS IN KEEPING.
The drivers are in keeping with the rest of the outfit. Seedy in appearance, they look as if they, too, had difficulty in getting enough to eat.

Many of the drivers have quit since Ritzman took charge of things, about the first of this year. Some of them complained to Superintendent Zimmer of the S.P.C.A. that they could not stand for the starvation that was practiced on the poor beasts.

But the drivers have the privilege of gutting and looking for more favorable positions.

The horses have to stay and take what is given them—short feed, beatings and all.

It is so bad that the mail clerks, who have to ride on the wagons in charge of postal matter, have expressed their shame at having to sit on the seats of the vehicles as they are hauled through the streets.

DIFFERENT ONCE.
There was a time when the horses that hauled the mail in this city were sleek and fat; when there was red and white and blue paint on the big, cage-covered wagons; when the teams, dashing through the streets to catch a train, were comparable with the handsome, dashing horses of the fire department. But these animals were not on skimped rations.

The report is that the contractor, whose term of service is about to expire, has been losing money because the bid he made nearly four years ago was too low. His bid was \$12,000 a year. The post office of the city grew so rapidly in that time that he could not make anything.

The bid submitted by Ritzman for the next four years was \$19,000 a year. It was far below that of any other bidder. It is said to have been about \$600 a year less than the amount for which the government officials estimated the work could be done.

But this is not all. There is a constantly increasing amount of complaint being carried. At the end of four years it may be half as much again as at present; it may be twice as much. The contractor is obliged to figure on this when making his bid.

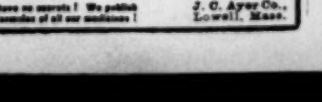

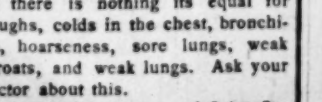

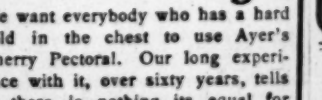

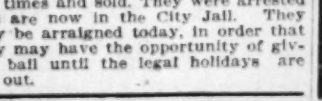

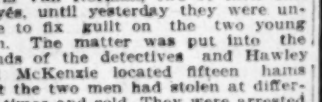

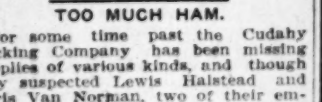

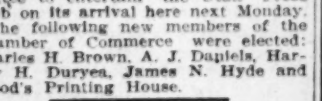

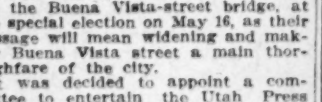

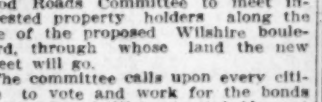

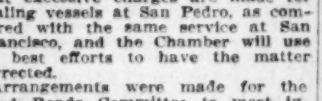

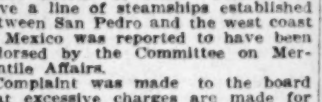

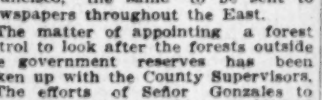

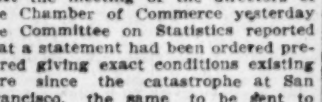

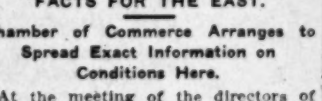

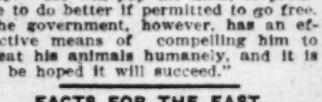

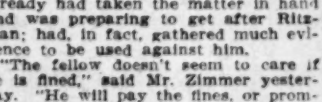

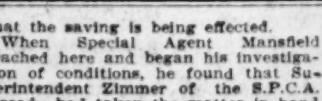

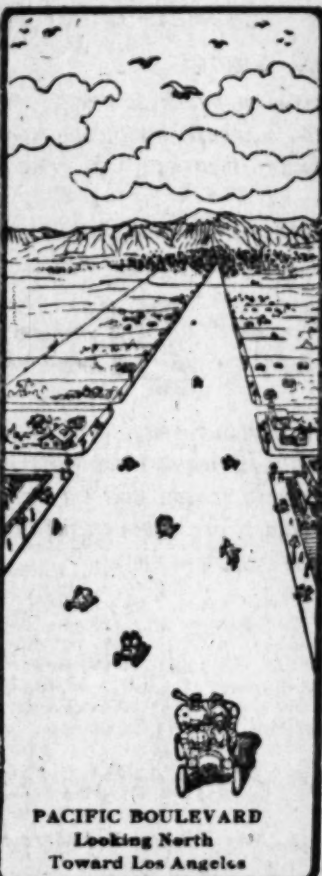

If present rates force the neglect and abuse of horses and equipment, as now, the query is as to what it will be as the business grows.

SAVING ON FEED.
There are twenty-two wagons and about thirty horses now engaged in the service. They are established at Eighth street and Ninth avenue. Report has it that Ritzman, when he took charge of the stables, declared he would save \$155 a month on horse feed. The appearance of the animals seems to prove

Where Your Credit is Good

Thursday a Big Day at the Big Store

Bargains for everybody. Just look over this list. You would have to look many a day to discover their equals.

You see we don't want all your money. This isn't a Trust store. We couldn't sleep nights if we asked such exorbitant prices for our goods. Remember, only a little down, a little each month or week.

Here Are Four Specials for Thursday

Hotel combination dresser, with 14x24 German plate mirror, golden oak frame. Our Anti-Trust Price \$7.50.

Large dresser; size of base 19x38; has divided top drawers and 20x24 German plate mirror with golden oak frame. Our Anti-Trust Price \$7.00.

Mrs. Potts' irons, 3 in a set, with handles and stand. Our Anti-Trust Price \$5.

Double drop leaf combination table; has four bins, drawers and moulding board; size of top when leaves are up, 42x48. Our Anti-Trust Price \$4.25.

Sale of Anti-Trust Pianos

\$147.50 for a Fine Upright Piano! This is a remarkably low price for even the big independent store. We bought a carload to sell this way, and if you put off buying too long, we are afraid you won't get yours. These pianos are first-class in every respect and a handsome stool and scarf goes with every one.

Our \$245.00 Piano is the same quality that the others ask \$350.00 for—and all you have to pay to have this piano delivered to you is \$1.00 at the time of purchase and \$1.00 a week thereafter. You cannot beat that for easy terms.

Refrigerators

It's refrigerator time—might as well get one early and have all the good you can out of it. One of our leaders that we are selling at an exceptionally low price is the "Jewel" at \$7.25. It has an ice capacity of 40 pounds; it is good sized and roomy.

Larger sizes at larger prices, and every one is marked in plain figures.

Dressers

Our line of dressers are exceptional. We have all finishes, including golden and quartered oak, genuine and veneered mahogany, Tuna mahogany, white and birdseye maple, golden and curly birch, etc.

Solid oak dresser; has 19x42 base with divided top drawers; has pretty beveled French plate mirror 20x24; royal finish. Our Anti-Trust Price \$10.75.

Handsome golden birch dresser; has 20x42 base with serpentine divided top drawers; has 20x24 pattern French plate mirror; polished. Our Anti-Trust Price \$15.75.

Beautiful birdseye maple dresser; has full serpentine swell front; pretty beveled French plate mirror; polished. Our Anti-Trust Price \$16.75.

Other dressers \$8.00, \$9.00, \$12.75, \$13.50, \$14.50, \$15.50, \$17.50, \$20.00, \$22.50, \$25.00 and up.

Gas Ranges

Cooker Chief, Estate, Peerless and Climax Gas Ranges are sold exclusively by Brent's. These ranges are absolutely guaranteed in every respect. When you have bought one of these ranges you can feel satisfied you have bought the best that money can buy. Our No. 4-14 Cooker Chief gas range has four large and one small burner on top; has 14-inch oven and broiler. Our Anti-Trust Price \$15.00.

Victor Talking Machines

Perhaps you have had some experience with similar inventions, but like every other person you will be amazed at the marvelous accomplishments of the improved Victor Talking Machines.

We not only sell them at the lowest eastern prices, but make terms as low as \$1 down and \$1 weekly.

Come and hear famous vocalists and instrumental pieces by celebrated orchestras and bands. Thousands of records in our stock.

Cured of Deafness

C. S. WATERMAN,
1371 West Thirty-eighth Street.

"I was cured of my deafness at the Los Angeles Medical Institute," says Mr. C. S. Waterman. "For some time I had been losing my hearing in my left ear, and at the time I consulted with these specialists I was almost totally deaf in this ear, and bothered by head noises."

"The prompt relief and cure of my trouble was a surprise to me, and I am very grateful to these gentlemen. I live with my sister at No. 1371 West Thirty-eighth street, city."

PUBLIC WARNING
AT RIVERSIDE.

INVESTORS ADVISED NOT TO BUY
DESERT LOTS.

Property is Situated Within the
City Limits, but is Far Removed
from Water—Estimated Value is
One Dollar Per Acre, but Purchas-
ers are Induced to Pay Five.

BY DIRECT WIRE TO THE TIMES.
RIVERSIDE, May 8.—[Exclusive
Dispatch.] Warning was issued this
evening against investment in the Oak
Glen and Elysian tracts near this city.
From their investigations of these
transactions the president and secre-
tary of the Chamber of Commerce say
that recently a Los Angeles real es-
tate operator came here and bought
some acreage property about eight
miles south of the center of the city.
This land is seven miles in any di-
rection from water and, although it
is within the city limits, is absolute
desert. The scheme was to give the
land away to any person who would
accept it. The money came in on the
proposition that the donee should pay
\$5 for the work of drawing the deed.
The land was divided into twelve lots
per acre and, as all surrounding ter-
ritory is not worth more than \$1 per
acre, a handsome profit accrued to the
tune of about \$60 per acre.
During the past few weeks another
phase of the transaction has been
brought sharply to the attention of the
chamber. Recipients of this land have
sold the same to other persons. In one
instance \$250 was paid for a single lot
for which the intermediate holder paid
\$5 for the making of his deed and sup-
posedly received the land as a gift.
There are a score or more instances
in which innocent purchasers have
paid from \$100 to \$200 for a strip of
raw desert 25x125 feet.
The officers of the Chamber of Com-
merce do not care to publish names at
present, but think that wide publicity
to this scheme will stop further trans-
actions and protect the public from
imposition.
Although within the city limits, the
land is not worth more than \$1, ac-
cording to the best judgment of the
Chamber of Commerce, and in its
opinion land in the Mojave desert is
equally valuable to the holder, although
many of the present holders imagine
they own Riverside town lots.

EVENTS IN LOCAL SOCIETY.

MISS FLORENCE CLUTE, daughter of Mr. and Mrs. J. M. Clute of No. 1218 Orange street, has chosen June 11 as the day of her wedding to Howard Robertson.

The ceremony will take place at home, and only a few intimate friends and relatives will be invited. Miss Clute's sister, Miss Mabel, will be maid of honor.

A number of complimentary functions are being planned for this fair bride-elect, and among others as yet unannounced is the luncheon which Mrs. W. J. Chichester is planning to give on Friday, May 18. Another affair for which cards have just been issued is the tea which Misses Lucy Sinsabaugh and Susan Barnwell are planning to give at their home, No. 954 South Union avenue, on Saturday, May 19. This tea is planned for Miss Clute and also for Miss Florence Field and Miss Shirley Jenkins, two more pretty brides-to-be. Guests at this affair will include only members of the Lambda Theta Phi sorority, of which all of these girls are members.

Miss Butler Weds.

A large circle of friends will be interested in the marriage of Miss Alice Butler and Jesse E. Pape, which took place Tuesday evening at the home of the bride's parents, Mr. and Mrs. O. W. Butler of No. 235 West Thirty-third street.

The wedding was a very quiet one, only a few intimate friends and relatives being present. The home was prettily decorated by girl friends of the bride. Dr. Burt Bates Howard performed the ceremony. The bride is a talented girl, and was the popular secretary of the College Club here. Mr. Pape is a professor of economics at the University of Missouri. Mr. Pape and his bride will sail from Montreal June 16 for a year's tour of Europe, and during that time Prof. Pape intends to study economic conditions abroad.

For the Engaged.

In honor of Miss Grace Magius and Francis A. Corbuser, Count and Mrs. Jaro von Schmidt of No. 1 Chester Place entertained last evening with a charming dinner party.

American Beauty roses and ferns decked the table, and covers were laid for Mr. and Mrs. Henry Carlton Lee, Miss Melius, Miss Louise McFarland, Miss Louise Burke, Miss Katherine Melius, Ben Newlin, Mr. Corbuser, Mr. Crawford and Leo Chandler.

Miss Trotter to Leave.

Miss Ada M. Trotter of Pasadena expects to leave in the near future for a trip to Europe. She will visit Italy as her objective point and will there gather local color for short stories which she is planning.

Mrs. McKee's Dinner.

Mrs. Henry S. McKee of Monrovia entertained a large company of friends last evening with a delightful dancing party at her home. There were many Los Angeles guests.

Miss Estabrooke Here.

Miss Gertrude Estabrooke, the distinguished young rose painter, who visited here last year, is in Pasadena for a few months' visit. Last year while here Miss Estabrooke did many

For Miss Plumb.

Mr. and Mrs. Frank Lloyd of Ocean Park entertained the Eight Best Whist Club and their husbands Tuesday evening in honor of Charles Herzog and Miss Ethel M. Plumb, who are soon to marry and will leave for Chicago to reside. The house was beautifully decorated with carnations and ferns. The place cards were miniature embossed affairs, each having a toast appropriate to the person at whose place it was. Whist was the game. The first ladies' prize, a hand-painted china plate, won by Mrs. Frank Stoddard; first gent's prize, a hand-painted ash tray, won by E. G. Bina. Seconds were won by Mrs. Mary Rowe and Frank Stoddard; consolations by Mrs. Bina and Mr. Herzog. A fine chicken supper was served at 11 p.m. Those who enjoyed the hospitality of Mr. and Mrs. Lloyd were: Mr. and Mrs. E. G. Bina, Mr. and Mrs. Frank Stoddard, Mrs. M. Plumb, Mrs. M. Rowe, Mrs. C. M. Tipton, Mrs. M. C. Edgerton, Charles Herzog and Miss Ethel M. Plumb.

Leahy-Selvy Nuptials.

A pretty wedding took place Monday evening at the Church of St. Agnes, corner of Vermont avenue and Adams street, Rev. Mr. Hughes uniting in marriage Miss Josie Leahy and George Selvy. Mr. Selvy is the son of West Thirtieth street. After congratulations and a happy hour spent by the guests at a dainty supper was served. All of the rooms had been tastefully decorated. The bride is a pretty girl and looked charming as she plighted her troth. The groom has been for a long time express messenger on the Grand Canyon run. Their friends remembered them with beautiful presents. They have gone on a honeymoon trip, but where has been kept a secret.

For Madame Nydia.

Mrs. R. J. Moore, Easton street and Central avenue, entertained a company of neighborhood friends on Tuesday evening in honor of Mrs. Nydia, late of London, Eng., a noted pianist and elocutionist. The house was beautifully decorated with carnations and sweet peas and a fine supper was served. Among those present were: Mr. and Mrs. James Adair, Mrs. D. H. Griffin, Mrs. Clark, Mrs. C. F. Struby, and Misses Griffin, Minnie Bergman, Echo Struby, Freda Hagg, Glenn Moore and Mrs. Moore. The guests were Delts, T. A. Casaday, Bowman, Stubbs, Fred Moore, Grant Mann, T. Green and Master Carl Struby.

Berry-Goff Nuptials.

Miss Minnie Berry and William N. Goff were married at noon yesterday. Rev. Robert McIntyre officiating. The wedding took place at the residence of Mr. and Mrs. Richard B. Goff, brother of the groom. Only relatives and a few close friends were present. For the ceremony the couple stood beneath a bower of greenery, from which swung a bell of fragrant orange blossoms. The bride is a petite brunette, and was charming in a gown of white and carrying a bouquet of orange blossoms.

MR. AND MRS. WILLIAM N. GOFF, who were married yesterday at noon.

cards, the work of the hostess. Guests were: Mr. and Mrs. R. C. Flournoy, Mr. and Mrs. J. E. Mitchell, Mr. and Mrs. D. T. Mitchell, Mr. and Mrs. Alexander, Mr. and Mrs. Harry Collins, Mr. and Mrs. J. R. Prevost, Mrs. Ella Howe and Messrs. D. H. Thompson and Ira Schofield.

Bent-Newberry Nuptials.

Last evening in Buckland, Ct., a wedding of interest to Los Angeles took place, when Charles Edwin Bent and Miss Gladys Lillian Newberry were married, at the home of the bride's parents, Mr. and Mrs. Thomas Newberry. Mr. Bent is a Los Angeles man and the romance began last summer, when Miss Newberry, as a visitor here, met Mr. Bent. She is a pretty and talented girl and will be welcomed among the young matrons. After a dainty wedding supper was served, the bride here to reside. He is a son of Mrs. Mattie S. Bent of Highland Park, and is a popular member of the E. M. Club Party.

Mrs. Walter J. Wren chaperoned a party of young women from the E. M. Club yesterday. Those in the party included Misses Alma Roberts, Lucille Roberts, Alice Albert, Mabel Crossman, Frances Warfield, Mamie Young, Effie Blanchard, Alice Blanchard, Florence Whelan, Lella Morrison, Pearl McLean, Lydia Kellam, Anna Kellam, Margaret Seymour, Bernice Burrows, Ethel Graham, Edna Dickinson, Helen McCutcheon and Mrs. Charles S. Hubbard.

Miss Stevens's Poems.

Friends of Miss Neely Stevens, the well-known musician, are congratulating her on a dainty little book of poems, "Golden Poppies," lately out, which was written under a nom de plume. The book is a dainty little volume, written under her own name, and it was only accidentally that the secret was let out. The book is daintily illustrated by Miss Fanny Duval, who has left for Europe during the past week.

Mrs. Anderson Surprised.

Mrs. A. C. Anderson of No. 221 South Hill street was surprised on Tuesday evening with a jolly surprise party given by a number of her friends, in honor of her birthday anniversary. A bountiful repast was served by the self-invited guests, and a jolly evening was spent. Those present were: Misses J. G. Patton, Summers, Cameron, Anderson and Misses Sule and Kitchin. Sumners, Hilda Grey and Capt. Merrick and J. G. Patton.

Luncheon to P.E.O.

Last Saturday Mrs. J. B. Sexton of Chapter E, Westlake P.E.O., entertained at a luncheon, at the Highland Park chapters, also Misses Herbert J. Goudge, Carver, Farnham, Woodruff and Miss Dickinson of Redondo. About thirty members were present and enjoyed the musical programme furnished by Chapter N, and a paper, "Woman in Journalism," by Mrs. Sexton.

Mrs. Ryan Weds.

Charles A. Hovey and Miss Gertrude Ryan, both of Los Angeles, were married yesterday afternoon. They were accompanied only by Miss Beale Sharp and J. L. Kendrick. Mr. and Mrs. Hovey will make their home in this city.

Notes and Personal.

T. J. Norton of No. 924 Beacon street has gone to Chicago and other eastern points for a short vacation. The Miss Norton will follow shortly to travel with Mr. Norton.

Mrs. Sherill B. Osborn of No. 1625 West Twenty-third street is entertaining her cousin, Miss Kate Ramsdell of Portland, Or., for several weeks.

AN AIRY PROPOSITION.

Little Man Seeking High Floor Amuses Hotel Gawk and Makes the Clerk Blush.

He was a little, dark-colored, be-whiskered man, and his eyes just came to the level of the big marble slab at the clerk's counter in the Alexandria Hotel.

It was yesterday, just before the lunch hour, and the clerk, a young man of the East, who was taking a rest in this city, was filing into the big foyer after a day in the open.

The little man edged his way through the throng and went up before the clerk where Clerk Newlands holds forth.

The caller had a baleful eye, which said plainly that if he so desired it would be the easiest thing in the world for him to look over the counter.

"Do you desire to register?" pleasantly asked Newlands, as with a pen in hand he stood on tip-toe to see the small man.

"Not just yet," the midget with the whiskers retorted, and then crossed his legs, and, after an effort, got his elbow on the counter and waited.

The number back of him was growing, as a train had just arrived, and the "bell-hops" were scurrying

THE ONLY ONE-PRICE PIANO

HOUSE IN THE CITY

Believing it to be the only true way to do business, every Piano in our store is tagged in plain figures at just the price we will sell it for, doing away entirely with hanting.

We buy altogether for cash direct from the makers in quantities, thereby getting the best prices and lowest freight rates. Our thirty odd years of experience, a long lease, low rent and modest expenses enables us to offer quality and PRICES that will sell the goods. Come and hear some of the very best toned pianos made.

Justice Kent in Phoenix. Apparently,

Whitely does not wish to avoid

trial, but merely to postpone it. It will

be his second trial for the same offense,

an assault. When first tried and con-

vinced, it was shown that one of the

jurymen departed from the juryroom

in company with one of the bailiffs,

and became even immoderately in-

toxicated. In this condition returning

to the jury and assisting in bringing

the verdict. Both bailiff and jurymen

were excused from services around the

Courthouse, and a new trial was

granted as soon as defendant's counsel

asked for it.

DUAL DEATH.

Private letters from Chicago bring

the news that Herman C. Wagner and

his wife were found dead in their

room at the home of Mrs. Wagner's

parents in that city. Keyholes and

window cracks had all been stuffed

and the gas had been turned on. By

Wagner's side was a small revolver, to-

gether with a note announcing that he

intended to commit suicide. It was

found that the woman's arm had been

broken, and it is believed that she was

a most unwilling participant in the

tragedy. The Wagner's, until a month

ago, were residents of Phoenix, the

man being employed in a local shoe

store.
